2.1.2 SPONSORS / STRATEGIC INVESTOR OF THE REIT SCHEME

TPL Properties Limited was established in 2007 and became a PSX-listed company in 2016. Centrepoint, the first and flagship project of TPLP was completed in 2013 and was subsequently acquired by a leading bank in 2021.

years

TPL Properties is the only institutional Real Estate company in Pakistan listed on the stock exchange providing a one stop solution for real estate development, facility management, REIT and Fund management and investment. TPLP established a REIT management subsidiary which has launched Pakistan's first Shariah compliant hybrid REIT i.e. TPL REIT Fund I. Other subsidiaries include TPL Developments which is responsible for project developments and TPL Property Management which provides facility management services.

TPLP is focused on sustainable developments and is ensuring one or more renowned environment certifications (LEED, EDGE and others) across the portfolio. It is exploring partnerships with a number of reputed international and domestic design and engineering firms to deliver the highest level of quality and set new benchmarks in Real Estate in Pakistan.

Anchor Investors:

It is pertinent to highlight that the Anchor Investors are not the Sponsors of the REIT Scheme due to the following reasons:

- i. The Anchor Investors have no control over the day-to-day operations of the REIT Scheme;
- ii. The Anchor Investors do not have the authority to appoint directors of TPL RMC; and
- iii. The Constitutive Documents of the REIT Scheme do not impose any restrictions on selling / transferring of Units of Anchor Investors post listing. Hence, the entire unitholding of Anchor Investors will be considered part of the free float.

2.1.3 ABOUT THE OFFER

The Base Offer comprises of 22,937,500 Units of the REIT Scheme having a face value of PKR 10/- per Unit, representing 1.25% of the issued, subscribed and paid-up Units. The Offer also has a Green Shoe Option for 22,387,000 Units. If the demand received is higher than the Base Offer, the Offerors may decide to offer up to an additional 22,387,000 Units representing 1.22% of the issued, subscribed and paid-up Units of REIT Scheme.

The entire Offer will be made through the Fixed Price Method at an Offer Price of PKR 17.59/- per unit to the General Public.

2.1.5 PRINCIPAL PURPOSE OF THE OFFER

Unitholders of the REIT Scheme have unanimously resolved to conduct listing of the REIT Scheme. The decision to list the REIT Scheme is driven by the following:

A. Interest of Foreign Investors

There has been encouraging feedback from foreign investors to invest in TPL REIT Fund I. TPL RMC has been receiving queries from multiple foreign investors regarding participation in TPL REIT and listing has appeared to be one of the key criteria for their decision to invest. This is mainly because investment proceeds for a listed instrument/security can be conveniently routed through Special Convertible Rupee Account (SCRA).

It is pertinent to note that non-residents are allowed to trade freely in the units of funds quoted on the Stock Exchange(s) in Pakistan through Special Convertible Rupee Account (SCRA) pursuant to Paragraph 9A of Chapter 20 of the Foreign Exchange Manual issued by State Bank of Pakistan.

B. Broaden Investor Base

The existing investors of TPL REIT include commercial banks only. Listing of the REIT Scheme will make the instrument eligible for a wider investor base with the inclusion of mutual funds, pension funds, employee funds and life insurance companies which require NAV on daily basis to mark-to-market their investment.

C. Regulatory Oversight

REITs operate in a highly regulated and structured manner. TPL REIT already has a robust corporate governance framework, however, listing of the REIT Scheme will further improve corporate governance by including regulatory oversight by PSX.

D. Price Prospect

A NAV on account of continuing progress on the three projects of TPL REIT will be periodically disseminated through PSX providing potential investors with periodic updates giving impetus to the listed Units price. A quoted price will be beneficial to all investor portfolios that are marked to market.

2.1.6 VALUATION

Reference is made to section 8, titled "Valuation Section", for details regarding the justification given by the Lead Manager in favor of the Offer Price of PKR 17.59/- per unit.

2.1.7 QUALIFIED OPINION, IF ANY, GIVEN BY THE AUDITOR

TPL REIT was registered on Dec 23, 2021. Therefore, its audited financials are available for FY2022 and FY2023. The Auditor of the REIT Scheme has not given any qualified opinion on the financial statements of the REIT Scheme.

3.1 OVERVIEW OF THE REIT SCHEME

TPL REIT, the first hybrid REIT of Pakistan, is launched by TPL RMC, a 100% owned subsidiary of TPL Properties Limited ("TPLP" or the "Strategic Investor"), with the aim of capitalizing on the real estate development and management expertise of its parent company. TPL REIT is created under Master-Feeder Fund Structure, formed as a trust under REIT Regulations in Pakistan, enabling domestic investors to invest directly, whereas the international investors will have the opportunity to invest in TPL REIT through investments in one or more off-shore feeder funds. It is highlighted that currently there are no offshore feeder funds in place.

TPL REIT is formed as a trust established under the laws of Pakistan and registered as a closed-end hybrid REIT with the SECP under the REIT Regulations.

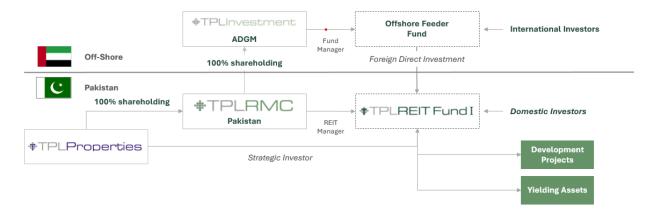

The Financial Close of TPL REIT was achieved at an Initial REIT Size of PKR 18,350 Mn through raising PKR 11,250 Mn of fresh equity from Anchor Investors, while the Strategic Investor has contributed Real Estate assets valued at PKR 7,100 Mn.

The initial fund size is PKR 18,350 Mn, ("Initial REIT Size") and the ultimate target fund size will be up to PKR 80 Bn ("Target REIT Size"). The funds raised in future shall be invested primarily in acquisition of project SPVs that hold real estate development projects, acquire land for real estate development and hold income-producing real estate assets. TPL REIT will invest in projects through separate project SPVs that will be controlled and at least 75% owned by TPL REIT.

3.2 MASTER FEEDER FUND STRUCTURE

TPL REIT is created under Master-Feeder Fund structure, in which the international investors will have the opportunity to invest in TPL REIT through investments in one or more off-shore feeder funds (the "International Feeder Fund"). The International Feeder Fund will allow international investors to invest in TPL REIT through a regulated tax efficient vehicle. The International Feeder Fund will be established in one or more offshore jurisdictions and managed through TPL Investment – a subsidiary of TPL RMC and foreign asset management company established in Abu Dhabi Global Market ("ADGM").

3.3 INVESTMENT IN SUSTAINABLE ASSETS

The funds raised by TPL REIT will be invested in acquisition of project SPVs, which will hold developmental real estate assets, yielding real estate assets and underperforming real estate assets in Pakistan. Notably, the investments will be made in sustainable assets, achieving best in-class standards of environmental, social, and governance, including but not limited to, energy efficiency, water use, land use, biodiversity, efficient energy management via off-grid renewable capabilities, rainwater management, solid waste management, community engagement, reducing carbon emissions and pollution, waste, and risks due to climate change vulnerability such as flood risk, among others. The REIT Scheme expects to contribute in uplifting the living standards and the economy in the following ways:

- Providing a sustainable way of work & life, reducing commute and offering open workspace to promote health and social sustainability;
- Water saving fixtures and rainwater attenuation to mitigate runoff of 80% of storm water;
- Promoting technological innovation by providing resilient infrastructure, thus promoting inclusive and sustainable industrialization;
- Providing green infrastructure, offering flexible open spaces, community facilities and programs.

Investment Criteria

The REIT Scheme has a predisposition of investment towards sustainable and Shariah compliant real estate assets through project SPVs across urban centers of Pakistan. The selection criteria for real estate investment may broadly include but not be limited to the following:

(a) Real estate assets are located within the territorial limits of Pakistan;

- (b) Suitability of the real estate asset to the objective and strategy of TPL REIT;
- (c) Investment ticket size to be comparable to existing projects;
- (d) Asset size in terms of built-up area to be comparable to existing projects, taking into account market movement in prices;
- (e) Minimum investment IRR of 20%;
- (f) Economic and financial viability;
- (g) Satisfactory due diligence of the assets by external advisors on title of real estate (including encumbrances and encroachment), capacity and authority of sellers to enter into transaction documents, material litigation in connection with the real estate and restrictions on transfer of real estate, approvals and NOC from respective regulatory authorities, and any contractual arrangement with consultants, contractors, tenants and any other related parties;
- (h) There is no litigation and encroachment related to the real estate asset;
- (i) No injunctions have been passed against the proposed real estate issued by the concerned authorities

The list of asset selection criteria is non-exhaustive, and the Investment Committee may set a different benchmark to ensure the right asset selection in order to enhance investment return. TPL RMC also takes into account the impact that real estate assets have on the environment and other sustainability considerations when making investment decisions. While assessing sustainability, it considers environmental, social, and governance ("ESG") criteria.

The acquisition of any real estate asset shall be subject to rigorous pre-acquisition due diligence to determine the local market facts, competition analysis, performance potential and risks involved. TPL RMC may involve external advisors, including legal consultants, Valuer(s) and other professional firms to obtain advise on individual acquisitions, where deemed necessary.

3.4 PERFORMANCE SINCE FINANCIAL CLOSE

The REIT Scheme has achieved the following key milestones since Financial Close:

TPL Fund's performance since Financial Close (FC), on the basis of its NAV, is given below:

3.5 HISTORY OF SPONSORS

TPL is one of the leading conglomerates in Pakistan that is committed to providing solutions based on advanced technology, innovation, and high quality. Established in 2000, TPL has come a long way since its inception. It has successfully diversified its portfolio in Pakistan, with TPL Corp as the parent company. Starting from tracking and asset management, TPL has been widely successful in diversifying its impact portfolio, ranging from Real Estate and security services to venture capital and general insurance.

TPL Properties, established in 2007, is focused on sustainable developments and is ensuring LEED certified developments. The company is exploring partnerships with a number of reputed international and domestic

design and engineering firms to deliver the highest level of quality and set new benchmarks in Real Estate in Pakistan.

TPL Properties began its journey with its flagship project called 'Centrepoint'. Given the lucrative features and significance of the project, the company secured the project financing from U.S. International Development Finance Corporation (DFC) (formerly known as Overseas Private Investment Corporation) which was prepaid by TPLP. The company was Pakistan's first entity to receive funding from DFC. Within 2 years of completion of this iconic project, TPL Properties successfully attained 100% occupancy rate for Centrepoint building in 2015. The same year, the company gauged interest of Tundra Fonder, a Swedish investor, as a pre-IPO investor to attain listing on PSX in 2016, while also successfully exited from its flagship project at premium valuation in 2020. The investment yielded an IRR of ~22% and a return on investment of ~130%.

TPLP enjoys exclusive partnerships with leading international design consultants for its sustainable real estate developments. To name a few, Squire & Partners (UK), AESG (UK), Atelier ten (UK), 1508 London (UK), and Gardiner & Theobald (UK) are company's exclusive partners in Pakistan. These partners have high-quality brands and reputation as "Green" real estate development and have world class experience with thousands of projects designed, managed and completed across the globe.

3.6 REIT PROJECTS

A detailed view of the existing asset portfolio is given below:

3.6.1 PROJECT A - MANGROVE

Mangrove ("Project A") is a master planned community to be developed over a land parcel of 40 acres on a waterfront locality. The project is set to become one of the city's most desirable neighborhoods, overlooking the expansive mangrove forest and seafront, with world-class amenities and a varied collection of mid-rise residential apartment towers, commercial offices, service apartments, hotel, and retail space. The registered owner of the Real Estate assets for Project A is National Management & Consultancy Services (Pvt.) Limited ("Project A SPV"), a 100% owned subsidiary of TPL REIT.

The development is envisaged to provide interconnected spaces, encouraging non-vehicular movements between residential, office and retail areas. The distinctive feature will be a boardwalk along the mangroves / seafront. The location is in proximity of a school and university district (e.g. Rahi, Schole Academy, CBM, Habib Salim University), leading healthcare facility (Indus Hospital) and for leisure golf course (Airmen's), yacht club and go-karting circuit, amongst others. Healthcare and leisure services will be further established within the project allowing for minimal travel required for managing work life balance.

The future infrastructure developments (planned and expected) that especially bring Korangi to limelight include completion of the Korangi link road and a bridge between DHA and Korangi over the creek that will further reduce the distance from prime locations of Karachi.

Design Overview

The project is being developed on the concept of "commute less, live more", reducing carbon footprint through providing an opportunity to residents to be near to their workplace. A step towards promoting a healthier lifestyle where cycling/walking is preferred over driving several miles to workplace and essential retail stores.

Built on principles of intelligent space maximization, and attention to detail, every element of the project will be designed to enhance the spaces both within and around the project. All in all, the designs of the project aim at achieving higher living standards for its occupants by providing a secure, ecofriendly, and healthier environment meanwhile keeping them connected and closer to the rest of the city.

Situated in the heart of one of the busiest and overcrowded cities, the waterfront neighborhood and

ample greenspaces will bring its occupants closer to nature. The project will have ample cycling facilities, waste control and drainage system, enabling a possibility of living a healthier lifestyle, meanwhile contributing towards less pollution and promoting an eco-friendly environment. This project will attract a diverse range of customers including individuals, families, corporations, entrepreneurs, local and destination brands, travelers among others.

For the area developed, as the per recommendation of highest & best use study by Colliers International (now Savills Pakistan), the area is allocated between residential apartments, commercial office space, retail and hospitality.

	Project A – Mangrove
Land Area	193,600 Sq. Yd.
Estimated Gross Constructed Area (GCA)	~12,200,000 Sq. Ft.
Estimated Sellable Area (SA)	~8,400,000 Sq. Ft.

Design Team

A team of reputable international and local design consultants has been engaged for the planning, designing and management of the project. Presently, SSH has been engaged as the Master Planning Consultant for Mangrove, and Tariq Alexander Qaiser (TAQ) has been engaged for the design of the Bio-diversity Park and site office.

International Consultants

SSH

Established in 1961, SSH has become one of the leading international architectural and engineering consultant group with 10 regional offices spread across Middle East, Europe, and Africa. Since inception, SSH has remained committed to delivering quality services throughout the MEA region, offering local knowledge with international delivery.

SSH focuses on collaboration through interdisciplinary teams, driving performance and achieving results. SSH's range of services include master planning, building design, infrastructure, and construction supervision. Some notable projects include Creek Beach District (UAE), Al Salam Palace (Kuwait), Al Mouj (Oman), Grande (UAE) Four Plots Downtown (Dubai) Sunset Islands Development (Bahrain) and Creek Horizon (UAE).

Local Consultant

Tariq Alexander Qaiser

TAQ is an award-winning firm based in Karachi, a boutique design practice focused on the design of hospitals and schools. It is headed by Tariq Alexander Qaiser, an environmentalist and architect, who has been documenting the islands of Karachi and their mangroves since the early 2000's. TAQ has deep interest in traditional wooden boat building and has designed and supervised large live-aboard dhows. Its portfolio includes exhibition stalls at international

and local exhibitions, such as the Mangrove Exhibit at the MagnifiScience Center for TDF.

Development Overview

The proposed development mix of the project includes development of residential apartments, commercial offices, hospitality and retail space. The detail of the mix is shown below.

Note: The proposed utilization of plots is indicative. The actual use and plan for launch of the phases shall be finalized upon completion of detailed building design and market conditions.

Bio-Diversity Park

The Bio-Diversity Park, a flagship initiative by TPL RMC for the Mangrove Project, embodies a profound commitment to environmental sustainability and resource conservation. The park shall encompass a 'Learning Center' constructed from reclaimed wood, serving as an educational hub to enlighten visitors about the significance of mangroves.

Eco-friendly walkways and boardwalks, crafted from salvaged wood and thoughtfully anchored, provide unobtrusive pathways for exploration, allowing guests to observe the lush foliage without

disrupting the delicate ecosystem. Strategically placed Bird Watching Towers offer elevated viewpoints for

appreciation of the diverse species thriving within the mangrove habitat. Additionally, a purpose-built floating jetty shall facilitate interactive activities like canoeing and fishing.

Adhering to international guidelines, the park minimizes environmental impact through careful infrastructure setup, designed walkways that respect the environment, demarcated areas for visitor activities, and the use of sustainable materials such as biodegradable signage and reclaimed wood. This holistic approach underscores the park's commitment to education, sustainability, and the preservation of mangrove ecosystems.

Project Location

The project is located at a prime location in the close vicinity of Indus Hospital, Karachi, benefiting from the adjacent neighborhood and boardwalk overlooking the mangrove. The project may benefit from major road networks and easy accessibility to business and industrial districts, residential areas, universities, hospitals, recreational areas, and supermarkets.

Address:

Korangi Industrial Area

Upcoming Infrastructure

- Karachi Bus Rapid (BRT) project comprises of 5 lines connecting various parts of the Karachi to improve mobility, inclusivity, and connectivity. The total network stretches approximately 113 KM with a total of 90 stations
- 2. Amongst the five lines, BRT's Yellow line, a 22 KM project connecting the industrial areas of Korangi/ Landhi to the heart of the city (Numaish), shall pass through the subject site, which would substantially improve public access to the project
- 3. Malir expressway, a 38.75 KM project located along the Malir River Corridor, starting KPT interchange and ending at M9 will connect the project with the Motorway. The anticipated end of construction is expected 30 months from the commencement date. The development works for the expressway are in process
- 4. Korangi Link Road, connecting Korangi causeway to PAF Airmen Golf club through a 12 km four lane road, shall improve access of the project with Korangi Industrial area. The project has been approved under a Public Private Partnership by the Sindh Government and the works related to its first phase have been initiated

Property Transfer

The property was transferred by TPLP into the REIT Scheme via a Share Purchase Agreement ("SPA") dated May 20, 2022. In lieu of transfer of 100% shares of Project A SPV to the REIT Scheme, Units of the REIT Scheme were issued to TPLP as in kind contribution of TPLP.

Property Valuation

As required under the REIT Regulations, TPL RMC, at the time of acquisition of the project SPVs, obtained valuation reports of Real Estate held by each project SPV from two independent valuers including Savills Pakistan (previously Colliers International) and Oceanic Surveyors. Subsequently, Savills Pakistan has been appointed as the Property Valuer for the REIT Scheme to conduct half yearly valuation of the properties. A brief overview of the two valuers is given below:

Equity Investment by TPL REIT

TPL REIT made an investment of PKR 2,350 Bn in Project B of which PKR 975 Mn was used to acquire 90% stake in Project B SPV, PKR 1,080 Mn was used to pay off the loan outstanding to TPLP and the remaining amount of PKR 295 Mn is being used to finance the development of the project.

3.6.3 PROJECT C - TECHNOLOGY PARK

The Technology Park, ("Project C") is planned to be the first of a kind technology park in Pakistan, with high-end IT infrastructure to be designed for technology companies including tech startups, software houses, tech support and other technology related companies; looking for an office space that fosters innovation, collaboration and stimulates health, wellness, and social sustainability. The project plan also includes a 42-key business boutique hotel, offering high quality accommodation to local and international business travelers and delegates.

The project is planned to be classified under Special Technology Zone (STZ), whereby, the STZ Authority Ordinance 2020 enables all the inhabitants/occupants and developer of the facility to benefit from import duty concessions and income tax holidays.

The registered owner of the Real Estate assets for Project C is TPL Technology Zone Phase 1 (Pvt.) Limited ("Project C SPV"), a 100% owned subsidiary of TPL REIT. The concept design for the project is concluded. The project is currently in the detailing stage and the preliminary architectural plans have been submitted to Sindh Building Control Authority (SBCA) for approval. Various NOCs have also been obtained from relevant regulatory authorities.

The target customer base for Technology Park includes tech startups, software houses, tech support and other technology related companies and the hotel shall target local and business travelers and delegates.

Design Overview

The design of the project consists of three cylindrical towers with varying heights and diameters that create a striking and dynamic development. The conscious and holistic introduction of green spaces and interconnecting atrium soften the architecture, creating a seamless indoor-outdoor relationship and reinforcing a positive, energizing environment to work and stay. The design seeks to create a defined separation between the offices and the hotel to promote work-life balance and define a unique and distinctive character for the hotel.

The office space located in two towers is designed to improve employees' productivity by keeping the design as an open plan, providing flexible workspaces, natural light and creating a balanced, soft, and acceptable ambient noise. Interconnected amenities such as café area and enclosure of green spaces not only give the office space a contemporary feel but more so provide employees with a breathing space where they can connect with coworkers and recharge.

The planned boutique hotel situated at the upper levels of the principal tower offers high quality guest accommodation with associated amenities. The guest rooms are primarily targeted towards sophisticated travelers. A proposed sky lounge and specialty restaurant at the pinnacle of the tower offers a destination venue for social and business engagements, attracting guests with unparalleled views over the rooftop pool to the surrounding cityscape.

The car parking is located in one of the towers and has a continuous spiraling floor that acts as both ramp and car park.

Notable mosque such as Ayesha Masjid accessible within 10 minutes of drive

6 minutes' drive from Centrepoint to reach Technology Park

25 minutes' drive to Jinnah International Airport

12 minutes' drive to Shahrah-e-Faisal

Property Transfer

The property was transferred by TPLP into the REIT Scheme via a Share Purchase Agreement ("SPA") dated May 20, 2022. In lieu of transfer of shares of Project C SPV to the REIT Scheme, Units of the REIT Scheme were issued to TPLP as in-kind contribution of TPLP.

Project Valuation

As required under the REIT Regulations, TPL RMC, at the time of acquisition of the real estate held by the Project SPVs, obtained valuation report of real estate held by each Project SPV from two independent valuers including Savills Pakistan and Oceanic Surveyors. Subsequently, Savills Pakistan has been appointed as the

Property Valuer for the REIT Scheme to conduct half yearly valuation of the properties. The initial as well as the latest valuation is given in the table below:

Valuator	Valuation Date	Land Value
Initial Valuation		
Savills Pakistan	November 24, 2021	PKR 1,810,338,896/-
Oceanic Surveyors	March 24, 2022	PKR 1,860,348,896/-
Latest Valuation		
Savills Pakistan	June 30, 2023	PKR 2,450,577,918/-

Regulatory Approvals

6.	Architectural Plan	-	Sindh Building Control Authority	Applied / Approval Pending
7.	Strategic Asset Safety NOC	-	Strategic Plans Division	Applied / Approval Pending

Project Progress

The concept and schematic design for the project has been concluded. The project is currently in the detail design phase. Various NOCs related to height and utilities have been obtained.

The project design and development works are **currently on hold**. The business model for the project entails off plans sales of office space to fund majority of project development cost. Under the current macroeconomic environment, the demand for Commercial Office space on off plan sales or outright purchase seems weak as corporates are delaying their capital expenditures to overcome high inflation, widening interest cost and raw material shortages.

The project design and development are planned to be resumed towards end of 2024 with the expectation of improving macro-economic environment and business sentiment, along with inflation to cool down and downward trajectory of interest rates.

Development Timeline

The site construction is expected to initiate by end of CY24 and complete by June 2027. The tentative timeframe for the site construction of Project C is illustrated below:

3.8 REVENUE DRIVERS

Growing Urban Population

Pakistan has the 5th largest population in the world¹ with the population growing at a rate of 2.55% in 2023². As per the results of the recent digital consensus of Pakistan, the population has grown to 241.49 million as of 2023 with the urban population being increased to 38.82%³. The urban population has been significantly ahead in the province of Sindh comprising of a staggering 53.73% figure. The mass urbanization in Sindh is particularly centered in Karachi. The ever-growing urban population of Karachi, coupled with the improving socioeconomic factors creates a demand for high end property and is a major revenue driver for real estate projects.

GDP Growth

The GDP of a country is primarily driven by favorable macroeconomic factors. This in turn affects all the sectors including real estate. The GDP growth of Pakistan was under pressure in FY 2023 on account of struggles of the country to recover from the floods of 2022, political instability, inflation, current account deficit, and an ongoing foreign exchange crisis. However, the economic woes of Pakistan seem to have diminished as the International Monetary Fund (IMF) has forecasted the real GDP growth of Pakistan for FY 2024 to be 2.5% with the same increasing to 5.0% in 2028⁴. The growth in GDP in future years is likely to boost

growth in the real estate sector, particularly for the offices and retail markets. An increase in GDP is also likely to increase tourism and business activities, thus generating demand for the hospitality industry.

Demand for High-end Residential Apartments

The likelihood of people seeking high-end residential apartments increases as they become exposed to international standards of living. Accordingly, the demand for luxury real estate market in urban areas of the country has increased over the years, particularly in Karachi. Emaar Oceanfront, Creek Vista and Hoshang Pearl are few examples of high-end residential apartments that are completed or near completion, offering status and prestige on top of the comfort and security.

TPL REIT has also availed this opportunity and introduced its state-of-the-art premium end residential projects under One Hoshang project to cater to such demand.

3.9 COST DRIVERS

Material and labor costs are major determinants of the overall cost of constructing real estate properties.

Material Cost

Concrete and steel constitute a significant portion of the total construction cost of building real estate. Steel rebars production in Pakistan is highly dependent on the import of scrap metal. In addition to this, development of state-of-the-art asset classes will require the import of several key materials such as interior decoration items, furnishings, HVAC systems, etc. The material-based development cost of such projects is impacted by a couple of factors including variations in the cost of these primary materials and exchange rate movements. Any upward movement in material costs as well as the exchange rate could affect the development cost as well as profits of TPL REIT.

Labor Cost

Labor costs encompass wages, benefits, insurance, and other expenses associated with the workforce employed in the construction process. Development of high-end real estate requires an extensive and skilled labor force including hiring of off-shore personnel to be compensated in foreign currencies. Further, any change in labor laws (e.g., an increase in minimum wage) or change in supply of proficient workforce or exchange rate movements is likely to cause an increase in the cost of labor.

3.10 MARKETING STRATEGY

The marketing efforts for the TPL REIT projects are led by the development advisor, which is in the process of assembling a dedicated team specifically tasked with marketing and selling the TPL REIT projects. The primary objective is to attract clients from diverse avenues. In addition to marketing of specific projects under REIT, a generic marketing strategy is being worked out to portray TPL properties as leading real estate company in Pakistan focusing on the quality sustainable projects.

The comprehensive marketing strategy is bifurcated into two segments:

Social Media Marketing Campaign: Directing efforts towards engaging potential clients through various social media platforms. The focal point is to augment social media engagement and raise awareness regarding ongoing projects. Engagements are actively pursued across platforms such as Instagram, Facebook, LinkedIn, and Twitter. Additionally, a dedicated website providing comprehensive project-related information is in development. The existing marketing and communications team at TPL Corp is providing support in these initiatives. With more projects especially Mangroves on plate for sales, a dedicated sales and marketing team is to be onboarded.

<u>On-Foot Marketing Campaign:</u> This type of marketing drives project sales through off-plan sales methods. The strategy involves on-foot marketing initiatives encompassing billboard campaigns, site visit events, and establishing on-site offices specifically for facilitating bookings.

Segmentation of the Marketing Campaign for Individual Projects:

Project A: Mangrove

Mangroves is a multifaceted project encompassing retail, residential, hotel, and office spaces. It caters to multiple target markets, including families, minor investors, and businesses seeking suitable working spaces. To address this diverse audience, marketing strategy shall involve launch events, billboard campaigns, social media campaigns, targeted campaigns such as communities and organizations, and the establishment of a site sales office by July, 2024. The sales office will have the right resources and infrastructure to launch a fully thoughtful campaign.

Project B: One Hoshang

One Hoshang comprises premium housing apartments and targets a niche market of elite individuals seeking investment opportunities or high-end residences. A personalized sales approach is adopted due to the limited availability of units.

Project C: Technology Park

Technology Park integrates hotel and office units, primarily targeting tech startups and software houses. The engagement strategy involves a mix of online advertising campaigns, personalized direct sales and on-foot marketing tactics, including site sales office, and billboard campaigns.

3.11 FEE CHARGED BY TPL RMC

3.11.1 Management Fee

TPL RMC shall be entitled to an annual fee calculated at 1.50% of the NAV of TPL REIT, which shall be payable in arrears after the close of each quarter of an accounting period of TPL REIT and shall be chargeable as an expense in the relevant accounting period.

In respect of any period other than a full calendar year such remuneration shall be prorated on the basis of the actual number of days for which such remuneration has accrued for the total number of days accrued in the accounting period concerned.

3.11.2 Performance Fee

TPL RMC shall be entitled to a performance fee equal to 15% charged on YoY (year-over-year) increase in NAV of TPL REIT over a High Watermark, calculated at the end of each accounting period. High Watermark is the highest NAV of TPL REIT reached in previous accounting periods. During the Accelerator Period, TPL REIT will pay 30% of the Performance fee due to TPL RMC in arrears after the close of each accounting period and accrue the remaining 70% to be paid at the end of the Accelerator Period. Following the end of the Accelerator Period, Performance Fees will be paid to the RMC in full in arrears after the close of each accounting period. Accelerator Period means the period starting at Financial Close and ending on the first dividend distribution to the Unit Holders by TPL REIT or listing of TPL REIT, whichever is later.

TPL RMC shall also be entitled to 15% of the profit from the sale of real estates and / or sale / winding up of the SPV.

3.12 COSTS OF ADVERTISEMENTS RELATING TO THE REIT SCHEME

No costs have been incurred for advertisements relating to the REIT Scheme.

3.14 END USERS, DEMAND FOR THE PRODUCT

Mangrove project will attract a diverse range of customers including individuals, families, corporations, entrepreneurs, local and destination brands, travelers among others.

One Hoshang shall target High-net worth Individuals.

The target customer base for Technology Park includes tech startups, software houses, tech support and other technology related companies and the hotel shall target local and business travelers and delegates.

3.15 COMPETITORS

There are no listed competitors of TPL REIT in Pakistan in terms of business model. Dolmen City REIT is a purely rental REIT having a single project. Globe Residency REIT is a limited life developmental REIT involved in development and sale of residential apartments only.

On the other hand, TPL REIT is a **perpetual hybrid REIT** Scheme involved in diversified real estate projects including (i) master planned community for mixed use development on waterfront property, (ii) Pakistan's one of its kind premium-end residential apartment tower and (iii) first of its kind technology park in Pakistan. All three projects are being executed through separate SPVs of the REIT Scheme.

TPL REIT has a target fund size of PKR 80 Billion for which it would add further projects to diversify the pool of assets and improve investors' returns. TPL REIT invests only in environmentally friendly sustainable assets that shall achieve at least one of the prominent green building certifications such as EDGE, LEED, BREEAM or WELL. One Hoshang and Technology Park are targeted LEED Gold Certified.

TPL REIT is the only fund in Pakistan created under a 'Master-Feeder Fund Structure' which also enables international investors to invest in TPL REIT through investments in one or more off-shore feeder funds.

TPL REIT has an unparalleled governance structure due to presence of local and foreign professionals on its Board bringing expertise in the areas of REITs, capital markets and fund management. In addition to this, most of the Board members are independent directors.

3.18 FUTURE PROSPECTS AND DEMAND OUTLOOK

Residential Market

Bridging the supply and demand gap in residential market will take some time. Going forward, the trend of increasing vertical developments will continue. There has been rising competition among developers in terms of providing quality amenities and community spaces within developments and this is expected to continue as well. Quality of development has improved with architecture and infrastructure moving closer to international standards.

Demand for housing in areas such as Korangi is picking up due to development of societies and availability of plots at comparatively lower rates than equivalents in DHA. In future, this area is expected to witness growth in construction of vertical developments aimed at creating value for money.

Commercial Office Market

Monetary policy tightening is expected to continue in the near term to combat elevated inflation. The recent policy rate hikes have led to rental yields falling below prevailing interest rates. Higher interest rates stifle economic activity and discourage business expansion, leading to more businesses preferring to rent instead of outright purchases. Backed by distressed macroeconomic indicators, the outlook for the sale of commercial office space market appears to be challenging in the near term unless the macroeconomic indicators stabilize prompting the State Bank to reduce policy rate which eventually leads to improved business activities and demand for commercial property.

Retail Market

The retail market was severely affected by Covid-19 pandemic wherein, many international brands opted to consolidate their retail presence in Pakistan and doubling their efforts at places with higher footfall. Brands also doubled down on e-commerce sales with many of them not as reliant on store sales as they were before Covid-19 due to declining physical sales.

In recent times, malls have renegotiated lease agreements to provide relief to retailers affected by the lockdowns and the macroeconomic conditions. Although take up for retail has considerably improved after lifting of Covid restrictions and vaccination rollouts, the expansion plans of brands may remain low in the short term.

Though, the demand for retail has previously remained subdued due to Covid-19, the outlook remains promising due to rapid commercialization in Pakistan. Additionally, Savills estimates suggest that an approximate supply of 5 mn sq. ft. of shopping mall retail space is either under construction or in the planning stages.

Hospitality Sector Market

The onslaught of Coronavirus pandemic worldwide led travel bans and visa restrictions which resulted in reduction in corporate travel as well as a reduction in tourism, thereby decreasing the overall demand in the hospitality industry. However, there has been a rebound in occupancy of hotel keys lately, driven by resumption in worldwide travel. In the long to medium term, the market is expected to gain momentum, with the country emerging as one of the popular tourist destinations.

Pakistan is emerging as an important investment destination for new hotel industry development. In Karachi only, Savills estimates a supply gap of 200 rooms with 5-star services and facilities to cater to the rising demand of quality hotels.

3.21.1 BENEFICIAL INTEREST OF THE RELATED PARTIES WITH RESPECT TO THE REIT SCHEME

The following persons / entities have beneficial interest in the REIT Scheme which is limited to the capacity of being the shareholder / director of the RMC and unitholder of the REIT Scheme directly or indirectly (i.e., investment through corporate entities):

1. TPL Properties Limited

3.21.2 POTENTIAL CONFLICTS OF INTEREST OF THE RELATED PARTY WITH RESPECT TO THE REIT SCHEME

REIT Management Company

RMC may have a conflict of interest when allocating and/or recommending investment opportunities between TPL REIT and other clients. However, when making investments where a conflict of interest may arise, the RMC will endeavor to act in a fair and equitable manner as between the REIT Scheme and other clients. There will be no limitation with respect to other activities and investments of the RMC or with respect to the activities of other investment portfolios managed by the RMC.

RMC acts as the manager of the REIT Scheme and RMC is not an investor of the REIT Scheme. The RMC certifies that the related parties are capable of performing their duties in relation to the REIT Scheme independent of their other business, if any.

Trustee

The Trustee may, from time to time, act as the trustee of other real estate investment trusts and collective investment schemes which may have similar investment objectives to those of TPL REIT and consequently may, in the course of its business, have potential conflicts of interests with TPL REIT. At all times so far as

practicable the Trustee will have regard to their obligations to act in the best interests of TPL REIT and will seek to ensure that any conflict of interest is resolved fairly.

The Trustee has no interest, direct or indirect, in the promotion of, or in any assets which are proposed to be acquired, disposed of by or leased to, TPL REIT. The Trustee has no material interest in any contract or arrangement entered into by TPL REIT which is unusual in nature or conditions or significant in relation to the business of TPL REIT, nor has the Trustee had any such interest since TPL REIT was established.

The Trust Deed contains provisions for the protection of the Unit Holders and prohibits the Trustee from selling, purchasing, or otherwise dealing in the sale or purchase of any TPL REIT Assets or entering into any other transaction with TPL REIT. Furthermore, the Trustee is also prohibited from owning and holding (legally and/or beneficially) any Units of TPL REIT. The Trustee is also bound by statutory duties under the Sindh Trust Act pursuant to which the Trustee must not for itself, or another set up or aid any title to the trust-property adverse to the interest of the Unitholders nor shall the Trustee use or deal with the TPL REIT assets for its own profit or for any other purpose unconnected with TPL REIT.

Finally, the Trustee, its promoter, directors, key executives, associated companies, and undertakings will be related parties of TPL REIT and its project SPVs under the REIT Regulations and applicable laws. Accordingly, any transactions entered into by TPL REIT or project SPV with such related parties (other than the trustee services to be provided by TPL RMC pursuant to the REIT Regulations) shall be subject to the provisions of the Trust Deed and related party transactions policy of TPL REIT which protect the interest of the Unit Holders and prescribe requirements for managing potential conflicts of interest in related party transactions. Such provisions include disclosure obligations in the accounts of TPL REIT and requirements to carry out related party transactions on an arms-length basis with the prior approval of the Trustee. TPL REIT and its project SPVs shall also be subject to the requirements prescribed under the REIT Regulations and general company laws (as applicable) in relation to related party transactions entered into by TPL REIT and its project SPVs.

Other Related Parties

The Valuers, REIT Accountant, Development Advisors and the Property Managers engaged for TPL REIT and project SPVs may, from time to time, act as the valuer, accountant, development advisor and property manager to other real estate investment trusts or collective investment schemes which have similar investment objectives to those of TPL REIT, or may be involved or engaged with real estate projects sponsored/owned by investors with similar investment objectives to those of TPL REIT. Consequently, any of them may, in the course of their business, have potential conflicts of interest with TPL REIT and its project SPVs.

The Valuers (and its promoter, directors, key executives, associated companies, and undertakings), REIT Accountant, Development Advisors, and the Property Managers will be related parties of TPL REIT and its project SPVs under the REIT Regulations and applicable laws. Accordingly, any transactions entered into by TPL REIT or project SPV with such related parties (other than the services to be provided by such entities to TPL REIT and its project SPVs pursuant to the REIT Regulations) shall be subject to the provisions of the Trust Deed and related party transactions policy of TPL REIT (for details on related party policy, refer to Section 10.15) which protect the interest of the Unit Holders and prescribe requirements for managing potential conflicts of interest in related party transactions. Such provisions include disclosure obligations in the accounts of TPL REIT and requirements to carry out related party transactions on an arms-length basis with the prior approval of the Trustee. TPL REIT and its project SPVs shall also be subject to the requirements prescribed under the REIT Regulations and general company laws (as applicable) in relation to related party transactions entered into by TPL REIT and its project SPVs.

4.7 UNITS ISSUED AT PRICE LOWER THAN OFFER PRICE

As discussed in Section 3.1 above, TPLP contributed real estate assets in the REIT Scheme at a value of PKR 7,100 Mn while the Anchor Investors made cash contribution of PKR 11,250 Mn. These contributions were locked at par value of PKR 10/unit under Unit Subscription Agreements (USAs) of Strategic Investor and each Anchor Investors with TPL REIT Fund I dated May 11, 2022.

The Financial Close of the REIT Scheme took place on June 24, 2022 on which aggregate investment commitments of PKR 18,350 Mn were received.

The first tranche was received upon the financial close (June 24, 2022) to the tune of PKR 5,625 Mn. Subsequently the second tranche of PKR 2,250 Mn was received on December 20, 2022, while the third tranche of PKR 3,375 Mn has been received on December 28, 2023.

While it may appear that Anchor Investors have made disbursement at PKR 10/unit in the REIT Scheme 3 months prior to the IPO, however, it is important to note the following:

- 1. The Anchor Investors evaluated the opportunity and committed to invest the entire PKR 11,250 Mn with a 'pre-defined' instalment schedule. Each of these instalments/tranches had certain pre-requisites that TPL RMC had to achieve merely to align the funds disbursement with the progress of the REIT Scheme. The tranches/instalments are not treated as new fund raising and do not follow the mechanism of 'further issue of units' rather a drawdown notice is issued to Anchor Investors, and they disburse the amount honoring their commitments under the USAs.
- 2. The subscription price of PKR 10/unit was determined, offered, and agreed with the Anchor Investors almost 18 months ago and hence, no new investment decision was made by the Anchor Investors while disbursing the third tranche in Dec 2023.

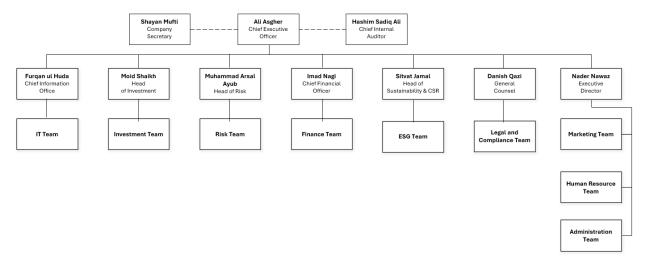

5. REIT MANAGEMENT COMPANY

5.1 OVERVIEW OF THE REIT MANAGEMENT COMPANY

Name	TPL REIT Management Company Limited		
Registered Address	20 th Floor, Sky Tower – East Wing, Dolmen City, HC-3, Abdul Sattar Edhi Avenue, Block No. 4, Clifton, Karachi		
Date of Incorporation	October 12, 2018		

TPL RMC was incorporated in Pakistan as a public limited company on October 12, 2018, under the Companies Act, 2017. In 2019, TPL RMC was granted license to undertake REIT Management Services under Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 and the REIT Regulations. TPL RMC is rated **RM3+ by PACRA** with a stable outlook.

5.2 ORGANOGRAM / ORGANISATIONAL STRUCTURE OF THE RMC

5.3 SPONSORS OF THE RMC

TPL Properties is the parent company of TPL RMC. It was established in 2007 and is focused on sustainable environment friendly real estate developments. The company has partnered with a number of reputed international and domestic design and engineering firms to deliver the highest level of quality and set new benchmarks in Real Estate in Pakistan.

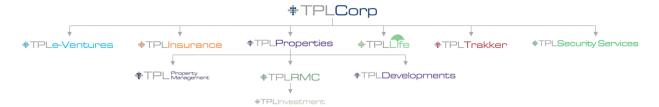

TPL Properties Limited is Pakistan's premium multi-dimensional Real Estate Developer and a major contributor to realizing the vision of Pakistan towards urban and modernized real estate. The principal activities of TPLP are to invest, purchase, develop, sell, lease, or dispose of real estate assets primarily in the sustainable commercial and residential asset classes. It is one of two listed real estate developers in the domestic market, which operates in the niche of developing Premier Grade-A Sustainable Real Estate Assets and is rated A+ by local Credit Rating Agency, PACRA.

TPLP is the first Pakistani company to secure funding facility from DFC (previously OPIC), to finance the construction of its flagship project, Centrepoint Building. The facility was pre-paid by TPLP. The building adheres to the highest international standards of design and technology in commercial buildings and is a unique addition to Karachi's skyline. Within 2 years of completion of this iconic project, TPLP successfully attained 100% occupancy rate for Centrepoint Building in 2015.

The same year, the company gauged interest of Tundra Fonder, a Swedish investor, as a pre-IPO investor to attain listing on PSX in 2016, while also successfully exited from its flagship project at premium valuation in 2020. The investment yielded an IRR of ~22% and a return on investment of ~130%.

TPLP is part of TPL Group which is one of the leading business conglomerates of Pakistan with businesses across a variety of sectors including real estate, insurance, transport, security, technology, vehicle and container tracking, navigation and mapping solutions and financial sectors.

TPLP serves as the flagship platform of TPL Group with the following structure.

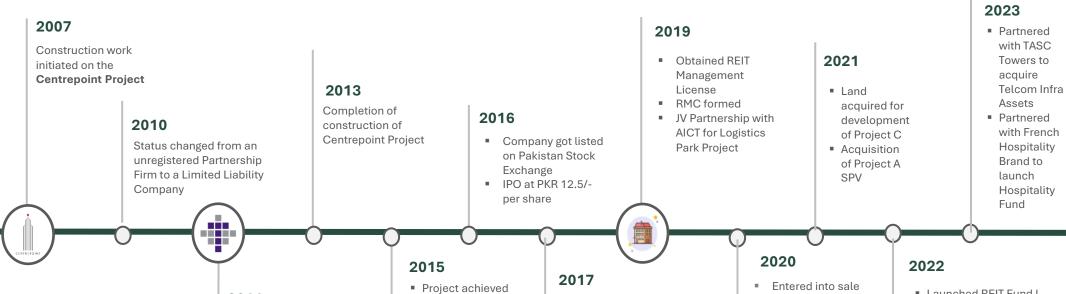

Its fully owned subsidiaries include TPL RMC (the REIT Manager of its projects), TPL Developments (the Developer of its projects) and TPL Property Management (the Property Manager of its projects). TPL RMC has a wholly owned subsidiary named TPL Investment Limited which shall serve as the Fund Manager for the Offshore Feeder Fund of the REIT Scheme.

6.4 SUMMARY OF THE SUBSTANTIVE PROVISIONS OF THE TRUST DEED

Digital Custodian Company Limited ("DCCL") was appointed as the Trustee of the REIT Scheme via the Trust Deed dated December 06, 2021, executed between the Trustee and TPL RMC, and registered under the Sindh Trust Act on December 10, 2021. The Trust Deed governs the way in which the REIT Operates and sets out the rights and benefits attaching to the Units.

The following paragraphs have been extracted from the Trust Deed, therefore, any reference to an article means reference to the article of the Trust Deed and capitalized terms shall have the same meaning as they have been assigned to in the Trust Deed.

Objective of the Trust

The REIT Scheme has been established with the objective of investing in REIT Projects through SPVs in accordance with the Constitutive Documents and Applicable Laws to generate income/returns for Unit Holders.

Rights of the Beneficiaries of the Trust

The beneficiaries under the Trust are the Unit Holders who enjoy all rights in accordance with the Constitutive Documents and the REIT Regulations.

Obligations of the Trustee

The Trust Deed executed between TPL RMC and DCCL outlines the obligations of the Trustee in TPL REIT. In accordance with the Deed, DCCL is obligated to carry out and ensure the following duties:

- i. exercise due diligence and vigilance in carrying out its functions and duties under the Constitutive Documents, REIT Regulations and all other applicable laws;
- ii. ensure that the REIT Assets are held by it on behalf of the Unit Holders in accordance with the Constitutive Documents and applicable laws;
- iii. not legally or beneficially own, either directly or indirectly, any Units of the REIT Scheme, except on such terms and conditions as determined by the SECP on a case to case basis;
- iv. ensure that the title to all REIT Assets is lawfully vested in it;
- v. deposit all the money received by it in relation to the REIT Scheme with a bank which has the minimum rating as prescribed under the REIT Regulations;
- vi. not delegate any of its duties except and to the extent permitted under the Constitutive Documents or REIT Regulations and, where it has delegated any of its functions, to make payments to the delegate from its own account; provided that the Trustee shall be liable for all acts and omissions of the any of its delegates as if they were the acts and omissions of the Trustee;
- vii. carry out the instructions of RMC (including in relation to the acquisition, disposal of or otherwise dealing with the REIT Assets) from time to time in relation to the REIT Scheme, unless such instructions are in conflict with the Constitutive Documents, business plan, REIT Regulations, Shariah regulations, directions, guidelines, circulars, including the guidelines that may be provided by Shariah Advisor or any other applicable laws;
- viii. issue a report, for inclusion in the quarterly and annual accounts of the REIT Scheme, indicating whether the targets set out in the business plan have been met and, where there is deviation, explain the reasoning behind such deviation and the steps that will be taken to remedy it;
- ix. immediately inform the SECP of any action of the TPL RMC related to the REIT Scheme that is reasonably expected to be in the knowledge of the Trustee and that contravenes applicable laws;
- x. verify all documents and agreements for correctness and authenticity with regard to acquisition of the REIT Assets along with Offering Document;
- xi. ensure that the Valuers perform their obligations and prepare and submit Valuation Reports as per the Constitutive Documents and the REIT Regulations;
- xii. ensure that the real estate proposed by the RMC for investment through a SPV meets the requirements of the Constitutive Documents and the REIT Regulations;
- xiii. appointment of a REIT Accountant for the REIT Scheme;
- xiv. if requested by RMC or if it considers necessary for the protection of REIT Assets (including interests in SPVs) or safeguarding the interest of Unit Holder(s), institute or defend any suit, proceeding,

- arbitration or inquiry or any corporate or unit holders' action in respect of the REIT Scheme or any part thereof; and
- xv. perform any other duty or obligation as may be imposed on it from time to time under the Constitutive Documents and Applicable Laws.

Rights and Powers of the Trustee

The Trustee has all powers and rights as are necessary for performing its duties, functions and obligations under the Constitutive Documents and the REIT Regulations which powers and rights shall only be exercised in accordance with the Constitutive Documents and applicable laws. Without prejudice to the generality of the foregoing, the Trustee has the following rights and powers:

- (a) the Trustee may authorize any officer or responsible official or, subject to compliance with the REIT Regulations, appoint any delegate, nominee or agent, to perform on its behalf any act or matter required to be done by the Trustee in the performance of its duties in relation to REIT Scheme, provided that the Trustee shall be responsible for the acts and omissions of all persons to whom it may delegate any of its functions as trustee as if these were its own acts and omissions;
- (b) the Trustee may remove the REIT Accountant if the Trustee is not satisfied with the performance of the REIT Accountant in accordance with the REIT Regulations, provided that any such removal shall only be carried out after prior consultation with TPL RMC and after having given the REIT Accountant an opportunity to address the concerns of the Trustee or remedy any breaches in accordance with the cure periods set out in the agreement entered into between the Trustee and the REIT Accountant;
- (c) the Trustee may, in accordance with the REIT Regulations, request the SECP for removal of a Valuer if it considers such removal to be desirable and in the best interest of the Unit Holders; and

- (mm) if it considers necessary, request the Trustee, for the protection of the REIT Scheme (including interest in SPVs) or for safeguarding the interest of the Unit Holders, to institute or defend any suit, proceeding, arbitration or inquiry or any corporate or shareholders' action in respect of the REIT Scheme or any part thereof;
- (nn) if it considers necessary for the protection of the REIT Projects and SPVs or for safeguarding the interest of the REIT Scheme therein, to cause the SPV to institute or defend any suit, proceeding, arbitration or inquiry or any corporate or shareholders' action in respect of the SPV or REIT Project (or any part thereof);

- (oo) ensure that Units are issued for cash consideration only, except for the Units to be issued as consideration for the transfer of the Real Estate to the SPV or the transfer/issuance of shares of a SPV owning the Real Estate, as applicable;
- (pp) when applicable, comply with the regulations of the stock exchange(s) on which the Units of a REIT Scheme are listed (including the PSX Regulations);
- (qq) ensure that Units equivalent in aggregate of at least 25% (twenty five percent) of the Initial REIT Size of the REIT Scheme are held by REIT Management Company and/or other Strategic Investors in account(s) with CDC marked as Blocked Units and such Blocked Units shall not be sold, transferred or encumbered throughout the life of the REIT Scheme except in accordance with and subject to the conditions in the REIT Regulations; and
- (rr) any other duty or obligation as may be imposed from time to time on the REIT Management Company under the Constitutive Documents and the REIT Regulations.

Powers of the REIT Management Company

The REIT Management Company has all powers and rights as are necessary for performing its duties, functions and obligations under the Constitutive Documents and the REIT Regulations in respect of the REIT Scheme and SPVs. TPL RMC (as REIT Management Company) has the following rights and powers:

- a) the REIT Management Company has the power to carry out any and all of the objects and purposes of the REIT Scheme and SPVs and to perform all acts and enter into and perform all contracts and other undertakings that it may in its sole discretion deem necessary or advisable or incidental thereto, in each case, in accordance with and subject to the other terms of the Constitutive Documents, Business Plan and Applicable Laws;
- b) the REIT Management Company has the right, power and authority to request from any Unit Holder such information as it deems necessary to comply with its obligations under Applicable Laws and/or to eliminate or reduce the exposure of the REIT Scheme or the Unit Holders, in general, to adverse tax or regulatory consequences. Where a Unit Holder(s) fails to comply with any information request of the REIT Management Company under this sub-article (b), the REIT Management Company also has the right, power and authority to take all such actions against such Unit Holder(s) as are required by Applicable Laws or otherwise deemed necessary by the REIT Management Company in the best interest of the REIT Scheme or the Unit Holders in general (including but not limited to reporting to the SECP or any other relevant tax or regulatory authority or Government agency);
- the REIT Management Company may, in accordance with the REIT Regulations, request the SECP for removal of a Valuer if it considers such removal to be desirable and in the best interest of the Unit Holders; and
- d) the REIT Management Company may authorize any officer or responsible official or, subject to prior written approval of the SECP and compliance with the REIT Regulations, appoint any delegate, nominee or agent, to perform on its behalf any act or matter required to be done by the REIT Management Company in the performance of its duties in relation to the REIT Scheme and the SPVs, provided that the REIT Management Company shall be responsible for the remuneration, acts, omissions, defaults and negligence of such delegatees) (along with resultant losses) only to the extent of the delegated functions.

Trustee and REIT Management Company Limitation of Liability and Indemnity

To the fullest extent permitted by applicable law, the Trustee, REIT Management Company and their respective directors, officers, employees and agents shall not be liable to TPL REIT, the Unitholders, Project SPVs or any

third party for any action or omission taken by them in connection with the management, operation, business or activities of TPL REIT and Project SPVs or otherwise in connection with the Constitutive Documents, or any loss due to any such action or omission, unless such action or omission resulted from such indemnified person's fraud, gross negligence or willful misconduct. The REIT Management Company nor the Trustee shall be liable for any loss or damage caused to TPL REIT (or the Unit Holders in general), Project SPVs or REIT projects on account of any force majeure or frustration of contract (as defined in the Trust Deed).

To the fullest extent permitted by Applicable Law, TPL REIT shall also indemnify and keep indemnified and hold harmless the Trustee, REIT Management Company and their respective directors, officers, employees and agents (including former directors, officers, employees and agents) against any and all liabilities, claims, costs, demands, damages, losses and expenses (including legal fees and other legal costs, amounts paid in satisfaction of judgments, compromises or settlements, fines and penalties, and reasonable expenses of investigating or defending against any claim or alleged claim) of any nature whatsoever, known or unknown, liquidated or un-liquidated, incurred in connection with any threatened, pending or completed legal action, suit or proceeding (civil, criminal, administrative or investigative) in connection with or relating to the management, operation, business or activities of TPL REIT and Project SPVs, provided however that such indemnity shall not apply where such legal action, suit or proceeding resulted from such indemnified person's fraud, gross negligence or willful misconduct.

Remuneration of the REIT Management Company

- a) The REIT Management Company is entitled to a management fee which is clearly stated in this Offering Document in section 3.11.1 and the Business Plan along with the certificate from the Auditor of REIT Scheme confirming the management fee has been charged in accordance with the Constitutive Documents and Business Plan. The management fees is payable in arrears after the close of each quarter of an accounting period of the REIT Scheme and is chargeable as an expense in the relevant accounting period. In respect of any period other than a full calendar year such remuneration shall be prorated on the basis of the actual number of days for which such remuneration has accrued for the total number of days accrued in the Accounting Period concerned.
- b) In consideration of the foregoing management fee and save as aforesaid, TPL RMC (as the REIT Management Company) is responsible for the payment of all expenses incurred by it, from time to time, in connection with its responsibilities as REIT Management Company of the REIT Scheme and the SPVs, including: (a) any costs and expenses of providing any office space, furniture, fixtures, equipment, facilities, supplies and necessary ongoing overhead support services for the REIT Scheme's and SPV's operations; (b) the compensation of the REIT Management Company's personnel; (c) the compensation of the REIT Management Company's agents and delegates; and (d) similar expenses to the extent that such expenses are not chargeable to the REIT Scheme and the SPVs or otherwise reimbursable by the REIT Scheme or the SPVs in accordance with the Constitutive Documents and the REIT Regulations. REIT Management Company cannot make any charge against the REIT Assets or REIT Project Assets for its services or for its expenses, except as are expressly authorized under the provisions of the Constitutive Documents and REIT Regulations to be payable out of the REIT Assets or REIT Project Assets.
- c) In addition to the management fee, the REIT Management Company is also entitled to a performance fee which is clearly stated in this Offering Document in section 3.11.2 and the Business Plan, along with a certificate from the Auditor of REIT Scheme confirming the performance fee has been charged in accordance with the Constitutive Documents and Business Plan. The said performance fees accrues and/or is payable in the manner set forth in Part 3.11.2 of OFSD and is chargeable as an expense to the REIT Scheme.

Remuneration of the Trustee

The Trustee is entitled to annual remuneration as specified in this Offering Document in section 3.13. The remuneration due to the Trustee is payable quarterly in arrears and is chargeable as an expense to the REIT Scheme in the relevant Accounting Period. In consideration of the foregoing and save as aforesaid the Trustee shall be responsible for the payment of all expenses incurred by the Trustee, from time to time, in connection with its duties as Trustee. The Trustee cannot make any charge against the REIT Assets, except for its remuneration and other charges and expenses permissible under the REIT Regulations and the Constitutive Documents. The Trustee is required to bear all expenditures in respect of its secretarial and its own office space and professional management, including all accounting and administrative services provided in accordance with the provisions of the Constitutive Documents.

Removal of the Trustee

The Trustee may be removed by SECP in the following events:

- (a) where the Trustee goes into liquidation, becomes insolvent or if a receiver, liquidator, or administrator is appointed over its assets, and the SECP appoints a new trustee.
- (b) where the SECP approves the written application of the REIT Management Company recommending change of the Trustee for cogent reasons (and duly supported by evidence) and appointment of new Trustee as proposed by the REIT Management Company; or
- (c) where the SECP, after providing a reasonable opportunity of representation to the Trustee, is of the opinion of that the Trustee has been in violation of the Constitutive Documents or REIT Regulations or is guilty of misconduct or is guilty of insider trading.

In the event of a removal of the Trustee by the SECP pursuant to (a) or (b) above, the outgoing Trustee shall continue to perform its duties as trustee of TPL REIT and to receive the remuneration until appointment of the new Trustee by or with the approval of the SECP by means of a supplemental trust deed executed between the new Trustee and the REIT Management Company providing for the assumption of assets of TPL REIT by the new Trustee.

In the event of removal of the Trustee by the SECP pursuant to (c) above, the said removal shall take effect in accordance with the directions of the SECP.

Retirement of the Trustee

The Trustee may, upon giving at least thirty (30) days' notice in writing to the REIT Management Company, and subject to prior approval of the SECP, retire from its office, provided that the retiring Trustee shall continue to perform its functions as trustee of TPL REIT and to receive the remuneration until appointment of the new Trustee with the approval of the SECP by means of a supplemental trust deed executed between the new Trustee and the REIT Management Company. The cost of transfer of TPL REIT to the new Trustee shall be borne by the retiring Trustee.

Removal of the REIT Management Company

The REIT Management Company may be removed only upon the occurrence of any of the following events:

Disabling Event Removal

Within sixty (60) days of the Unit Holders being notified by RMC of a Disabling Event, the Unitholders by way of a special resolution may decide to continue TPL REIT and to appoint a replacement RMC.

"Disabling Event" means, in relation to RMC, where: (a) RMC goes into liquidation, becomes insolvent or has a liquidator or receiver or administrator appointed over its assets, provided that a Disabling Event shall not be deemed to have occurred where insolvency or liquidation proceedings or petitions initiated or filed against RMC are frivolous or vexations and are discharged, stayed or dismissed within sixty (60) days of

commencement; or (b) RMC's license is cancelled or is not renewed pursuant to a final order or determination of the SECP.

For Cause Removal

Within thirty (30) days of the Unit Holders being notified by RMC of a Removal Conduct, the Unitholders may by way of a special resolution decide to remove RMC on not less than sixty (60) days' advance written notice. For the avoidance of doubt, the Unit Holders shall not be entitled to remove the RMC for cause if they fail to pass a special resolution for removal of the RMC within thirty (30) days of being notified of any Removal Conduct, in which case the RMC shall continue to undertake its duties in accordance with the Constitutive Documents and applicable law.

"Removal Conduct" means with respect to RMC, a final judgment or determination of a court or governmental or regulatory body of competent jurisdiction (other than a preliminary or interim judgment, but including a guilty plea, as well as any settlement entered into in connection with any litigation which includes an admission of the applicable conduct) that RMC has committed:

- fraud, gross negligence, or willful misconduct in connection with the performance of its duties under the Constitutive Documents;
- a criminal offence;
- a material violation of any applicable laws that adversely affects the ability of TPL REIT to conduct its business and affairs in a significant manner, provided however, that RMC shall not be deemed to have engaged in such a material violation: (a) where RMC has acted in good faith and in accordance with the advice of reputable legal counsel that was monitored and selected with due care; or (b) where such violation is caused by a Unit Holder's(s') failure to comply with a request for information by RMC from such Unit Holder(s) pursuant to the terms of the Constitutive Documents; or
- a material breach of RMC's obligations under the Constitutive Documents that is likely to have a
 material adverse effect on TPL REIT and/or the SPV(s), and RMC fails to cure such material breach (if
 curable) within sixty (60) days of such judgment or determination.

For the avoidance of doubt, a for cause removal shall be limited to the acts of RMC only, and not the conduct of any single member or personnel of RMC or its affiliates.

Without Cause Removal

If, at any time after listing of TPL REIT on the PSX, the Unit Holders by way of a special resolution decide to remove RMC on not less than one hundred and twenty (120) days advance written notice. For the avoidance of doubt RMC can only be removed by the Unit Holders without cause after the listing of TPL REIT on the PSX.

SECP Removal

Where, in the opinion of the SECP, further management by RMC of TPL REIT and its SPVs by RMC is detrimental to the interests of the Unit Holders or the REIT projects as a whole or for any other reason which is to be recorded in writing by the SECP, provided that the RMC shall be given an opportunity of a hearing before any action is taken against it pursuant to this provision.

In the event of a SECP removal, the removal of RMC, and the rights and obligations of the outgoing RMC, shall be in accordance with and subject to the directives of the SECP.

RMC Continuing to Act

Notwithstanding the sixty (60) days' advance written notice from the date of the special resolution for a for cause removal, the RMC shall continue to perform its functions as the management company of TPL REIT for an additional period of sixty (60) days (which can be further extended subject to agreement with the Unit

Holders and SECP) if a successor RMC has not been appointed with the approval of the Unit Holders by way of a special resolution (on or before the expiry of the aggregate sixty (60) days' advance notice period and additional sixty (60) day period), and such successor RMC has not become bound by the provisions of the Constitutive Documents by executing, subject to the approval of the SECP, a supplemental Trust Deed with the Trustee and the successor RMC, a supplemental Management Agreement with the TPL REIT, and a supplemental SPV Management Services Agreement with the SPVs.

Notwithstanding the one hundred and twenty (120) days' advance written notice from the date of the special resolution for a without cause removal, the RMC may continue to perform its functions as the management company of TPL REIT for an additional period subject to agreement with the Unit Holders and the SECP if a successor RMC has not been appointed with the approval of the Unit Holders by way of a special resolution on or before the expiry of the one hundred and twenty (120) days' advance notice period, and such successor RMC has not become bound by the provisions of the Constitutive Documents by executing, subject to the approval of the SECP, a supplemental trust deed with the Trustee and the successor RMC, supplemental Management Agreement with TPL REIT, and a supplemental SPV Management Services Agreement with the project SPVs.

In the event of a disabling event removal, the successor RMC shall be appointed on or as soon as possible after the date of passing the special resolution requiring the removal of RMC and in any event within a period not exceeding sixty (60) days from the date such special resolution is passed.

If a successor RMC has not been appointed to replace outgoing RMC within the periods set out in this section, TPL REIT may be extinguished in accordance with Section 10.19.

Rights and Obligations of Outgoing RMC

In the event of a Disabling Event removal, for cause removal or without cause removal, the outgoing RMC shall have the following rights.

<u>Indemnities/Limitation of Liability</u>: Notwithstanding the termination of RMC's appointment, RMC shall continue to benefit from the limitation of liability and indemnification provisions as set out in this section to the extent of the outgoing RMC's actions and/or omissions on or prior to the Removal Date.

In the event of a Disabling Event removal, for cause removal or without cause removal, the outgoing RMC shall have the following obligations:

- the outgoing RMC shall, subject to the approval of SECP, execute all such documents as are necessary for the purpose of transfer of management rights of the REIT Scheme and the SPVs to the successor RMC;
- the outgoing RMC shall forward all documents, books, records, correspondence, and databases (whether physical or electronic) in the outgoing RMC's possession and related to investments or the administration of TPL REIT and SPVs to the successor RMC (to the extent such records are not proprietary information or databases of the outgoing RMC and/or the outgoing RMC is not required by applicable law to retain any such records).
- during the advance notice periods or any additional or extended periods applicable to for cause removal or without cause removal and until the Removal Date the RMC shall: (i) only take those actions in respect of the TPL REIT that have already been approved by the Board of Directors of the RMC prior to the Unit Holders passing a special resolution for removal of the RMC, or are otherwise in the ordinary course of business; and (ii) shall continue to act in the best interests of TPL REIT, in line with best market practices;
- the outgoing RMC shall be required to sell to the successor RMC its Units in TPL REIT (if any) at NAV per Unit (as at the time of transfer) if required or instructed by the SECP to ensure compliance with the minimum holding requirements prescribed under the REIT Regulations.

Extinction / Dissolution of the REIT Scheme

The REIT Scheme shall continue until the same is extinguished and dissolved on the happening of one or more of the following events:

- a) if in the opinion of the REIT Management Company, the objective of the REIT Scheme and its REIT projects has been achieved and all REIT Assets (including interests in SPVs) have been disposed of and/or wound up/liquidated in accordance with the Constitutive Documents and the REIT Regulations;
- if the Unit Holders pass a Special Resolution demanding revocation of the Trust for any reason (as applicable) contemplated under Article 36 of the REIT Regulations, 2022 (previously Article 40 of the repealed REIT Regulations, 2015);

- c) if, following the removal of the REIT Management Company pursuant to Article 11(a) to (c) of the Trust Deed, no successor REIT Management Company is appointed within the period set out in this Offering Document;
- d) if, in the opinion of REIT Management Company, the REIT Scheme and its REIT projects are no longer commercially viable or the purpose of the REIT Scheme cannot be accomplished or its objective cannot be achieved for any reason, and the Unit Holders have consented to such an action through a Special Resolution (provided that REIT Management Company shall not vote at such meetings and its presence shall not be counted towards requisite voting for Special Resolution);
- e) if the SECP deems it necessary to revoke the REIT Scheme and directs the Trustee or REIT Management Company to revoke the REIT Scheme in the interest of Unit Holders; or
- f) if the REIT Scheme fails to invest a single REIT Project within the time period stipulated under Article 14.3(d) of the Trust Deed.

Modification of Trust Deed

The Trustee and REIT Management Company acting together shall be entitled by a supplemental trust deed to modify, alter or add to the provisions of the Trust Deed in such manner and to such extent as they may consider expedient for any purpose, subject to the prior written approval of the SECP, prior review of Shariah Advisor and prior notice of at least ten (10) Business Days to each Unit Holder about the proposed change(s).

Dispute Resolution

In the event of any dispute arising out of the Constitutive Documents between the REIT Management Company on the one part and the Trustee on the other part (including disputes as to the respective rights and obligations of the Parties hereto or those relating to the interpretation of the terms and the conditions of the Constitutive Documents), the same shall be referred to arbitration under the Arbitration Act, 1940, by two (2) arbitrators, one to be appointed by the REIT Management Company and the other to be appointed by the Trustee. In the event that the two (2) arbitrators are unable to arrive at a unanimous decision, the two arbitrators shall appoint an umpire whose decision shall be final. The arbitrators and the umpires shall be selected from amongst, senior partners of renowned firms of chartered accountants, or senior partners of renowned law firms, CFA charter holders in good standing, or senior bankers or senior members of the PSX, (who may even be the heads of corporate members). The venue of the arbitration shall be Karachi.

Rights and Liabilities of the Unit Holders

Management Affairs

No Unit Holder shall have the right or power to participate in the management or affairs of TPL REIT and project SPVs (including in relation to voting rights attached to any TPL REIT Assets), except to the extent of the limited voting rights as provided in the Constitutive Documents and REIT Regulations. No Unit Holder shall have the power to sign for or bind TPL REIT and project SPVs.

Unit Holders Ranking Pari Passu

The Unit Holders rank pari passu inter se, according to the number of Units held by each Unit Holder in TPL REIT. All Unit(s) represent an undivided share in the TPL REIT Assets and rank pari passu as to their rights in the net assets of TPL REIT, earnings, and the receipt of the dividends and distributions and, each Unit Holder has a beneficial interest in TPL REIT proportionate to the Unit(s) held by such Unit Holder(s).

Access to books and records

The Unit Holders shall be entitled to inspect the books and records of TPL REIT and have access to TPL REIT's balance sheet, profit and loss statement, cash flow statement, summary of the valuation report and statement of the movement in NAV along with the report of the Trustee, the report of the Auditor, report of Shariah Advisor, and any other document as specified by the SECP.

Redemptions

TPL REIT is a closed-end scheme and hence the Unit Holders shall not have any right to require TPL REIT to redeem their Units. The Units shall only be redeemed: (a) in part on pro rata basis, upon the liquidation or disposal of a Project SPV for distributing liquidation/sale proceeds (after payment of all associated liabilities and expenses) of such Project SPV to the Unitholders by way of a redemption of Units; or (b) in full, upon the extinguishment and revocation of TPL REIT in accordance with section 10.19 of this OFSD. The Units shall be redeemed in accordance with the provisions of the Constitutive Documents and the REIT Regulations. For the avoidance of doubt, the Units are not otherwise redeemable during the life of TPL REIT.

Where redemption of units will be done pursuant to (a) above, REIT Management Company shall, in each case, amend the Business Plan appropriately to capture the proposed disposal/liquidation of a Project SPV in accordance with the Constitutive Documents. Redemption shall be done at such redemption price as is notified by the REIT Management Company to the Unitholders. Redemption amounts shall be distributed to the Unitholders pro rata to their interest in TPL REIT and will be paid in cash.

Other Rights

Unit Holders shall also have the right to:

- (a) Distributions / dividends in accordance with the dividend policy of TPL REIT as discussed in section 10.17;
- (b) participate in rights issue of Units by TPL REIT in proportion to their existing Units;
- (c) subject to applicable laws, transfer their Units and/or pledge / lien all or any of his Units as security for any debt of the Unit Holder or any third party; and
- (d) to the proceeds from the sale of TPL REIT Assets in accordance with the REIT Regulations.

Liability of Unit Holders

The Unit Holders shall not have any personal liability whatsoever in its capacity as a Unit Holder whether to TPL REIT, to any of the Unit Holders or to the creditors of TPL REIT, for the debts, liabilities, contracts, or any other obligations of TPL REIT or for any losses of TPL REIT, except as specifically set forth in the Trust Deed or this OFSD.

The Unit Holders will not be liable to make any payment after it has paid the consideration against the price of the Unit (either as cash or against transfer of the real estate to Project SPV or the transfer/issuance of shares of Project SPV holding the real estate, as applicable) and a Unit Holder shall not be obligated to make any further contribution to TPL REIT to repay to TPL REIT, any Unit Holder or any creditor of TPL REIT.

No Unit Holder shall be entitled to any interest or compensation by reason of payment of the subscription price or by reason of serving as a Unit Holder. Further, no Unit Holder shall be required to lend any funds to TPL REIT.

Meetings of the Unit Holders

Voting rights of the Unit Holders shall be exercisable in a meeting of the Unit Holders which shall be held in accordance with the procedures prescribed under the REIT Regulations.

Obligations of the Unit Holders

Each Unit Holder shall have the obligation to provide to the RMC such information as the RMC deems necessary to comply with its obligations under applicable laws and/or to eliminate or reduce the exposure of TPL REIT or the Unit Holders, in general, to adverse tax or regulatory consequences. Where a Unit Holder(s) fails to comply with any information request of the RMC, the RMC shall also have the right, power and authority to take all such actions against such Unit Holder(s) as are required by applicable laws or otherwise deemed necessary by the RMC in the best interest of TPL REIT or the Unit Holders in general (including but not limited to reporting to the SECP or any other relevant tax or regulatory authority or Government agency).

7. PRINCIPAL PURPOSE OF THE OFFER

Unitholders of the REIT Scheme have unanimously resolved to conduct listing of the REIT Scheme. The decision to list the REIT Scheme is driven by the following:

A. Interest of Foreign Investors

There has been encouraging feedback from foreign investors to invest in TPL REIT Fund I. TPL RMC has been receiving queries from multiple foreign investors regarding participation in TPL REIT and listing has appeared to be one of the key criteria for their decision to invest. This is mainly because investment proceeds for a listed instrument/security can be conveniently routed through Special Convertible Rupee Account (SCRA).

It is pertinent to note that non-residents are allowed to trade freely in the units of funds quoted on the Stock Exchange(s) in Pakistan through Special Convertible Rupee Account (SCRA) pursuant to Paragraph 9A of Chapter 20 of the Foreign Exchange Manual issued by State Bank of Pakistan.

B. Broaden Investor Base

The existing investors of TPL REIT include commercial banks only. Listing of the REIT Scheme will make the instrument eligible for a wider investor base with the inclusion of mutual funds, pension funds, employee funds and life insurance companies which require NAV on daily basis to mark-to-market their investment.

C. Regulatory Oversight

REITs operate in a highly regulated and structured manner. TPL REIT already has a robust corporate governance framework, however, listing of the REIT Scheme will further improve corporate governance by including regulatory oversight by PSX.

D. Price Prospect

A NAV on account of continuing progress on the three projects of TPL REIT will be periodically disseminated through PSX providing potential investors with periodic updates giving impetus to the listed Units price. A quoted price will be beneficial to all investor portfolios that are marked to market.

8. VALUATION SECTION

The Units of TPL REIT Fund I are being offered at an Offer Price of PKR 17.59/- per Unit which is at a premium of PKR 7.59/unit to its par value. This is pertinent to note that the Offer Price is equivalent to the latest NAV of the REIT Scheme as certified by the Auditor.

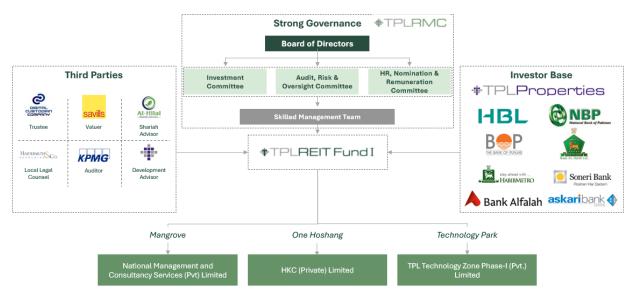

Some of the features of the REIT Fund justifying the valuation are deliberated below:

8.1 INTERNATIONAL STANDARD GOVERNANCE

TPL REIT is managed under a transparent structure with SPVs ownership vested in Trustee and involvement of several third parties. The REIT Scheme is being managed by TPL RMC, responsible for providing strategic planning, project management and financial oversight while maintaining high standards of excellence in terms of quality.

TPL RMC operates under a robust governance framework that is in conformity with international standards. The Board of Directors of TPL RMC are highly qualified and experienced professionals, comprising both, the management team members, and independent professionals. The governance structure is supported by a Shariah Advisor that ensures that the REIT Scheme adheres to Islamic principle. Board committees are also in place for policy making.

The senior management comprises of robust team of individuals who bring invaluable international and domestic experience with their careers spanning over two decades. Several third parties such as Trustee, Valuer, Shariah Advisor, Legal Counsel and Audtitor are also part of operations of the REIT Scheme which enhances transparency and investor confidence. A pictorial view of the operating structure of the REIT Scheme is given below:

8.2 DIVERSIFIED POOL OF REAL ESTATE ASSETS

The REIT Scheme has invested in diversified pool of real estate assets spread across prime areas of Karachi. The projects include a Master Planned Community including mid-rise Residential Apartment Towers, Commercial Offices, Service Apartments, Hotel & Retail Space located at waterfront, to be equipped with quality infrastructure. The other project is Pakistan's one of a kind premium-end luxurious Residential Apartment Tower and Showrooms with world class amenities, located in the city's most posh area.

The third project is first of a kind Technology Park in Pakistan, with high end IT infrastructure to be designed for world-class technology companies, accompanied with a 42 key business hotel.

The project locations, as well as the asset classes are quite diverse which reduces reliance on any single asset class as well as hedge the Unitholders' return to a great extent.

8.3 STRONG INVESTOR BASE

The existing investor base of the REIT Scheme includes TPL Properties Limited which is Pakistan's leading Real Estate Developer & Operator. TPLP is the strategic investor that has contributed through real estate assets in the REIT Scheme. In addition to this, the other initial investors include 8 leading commercial banks of Pakistan including Habib Bank Limited, National Bank of Pakistan, Bank of Punjab, Bank Al Habib Limited, Bank Alfalah Limited, Habib Metropolitan Bank, Soneri Bank Limited and Askari Bank Limited. It is important to highlight that banks have stringent review and assessment processes in place for making equity investments. The willingness of banks to contribute equity investment in TPL REIT speaks volumes about the confidence of sophisticated institutional investors.

8.4 ENVIRONMENTALLY FRIENDLY SUSTAINABLE ASSETS

All real estate investments undertaken by TPL REIT are set to follow the best sustainability and environment principles and shall achieve at least one of the prominent green building certifications such as EDGE, LEED, BREEAM or WELL for all its real estate development projects. One Hoshang and Technology Park are targeted for LEED Gold Certified.

8.5 STRONG SPONSOR SUPPORT

The REIT Scheme is part of TPL Group which is Pakistan's prominent technology conglomerate with businesses across a variety of sectors. TPLP is the Strategic Investor and its 100% owned subsidiary TPL Developments is the Development Advisor of the REIT Scheme. It has rich experience of real estate projects including its flagship project of Centrepoint, Grade A Commercial Office Tower, that yielded an ROI of 130%.

8.6 DIVIDEND EXPECTATION

TPL REIT is perpetual in nature, but its projects have finite lives. Therefore, sizeable dividends are expected to be distributed to the Unitholders at each project completion to avail tax exemption for the REIT Fund. As per the business plan, One Hoshang project has the shortest tenor and is expected to be completed in FY26. Hence the Unitholders can expect a sizeable dividend in the medium term. Since all approvals of One Hoshang are in place and construction is ongoing, the IPO investors are at an advantage to the initial investors who invested in the REIT Scheme with greenfield risk.

JUSTIFICATION

The units of the REIT Scheme are being offered at an Offer price of PKR 17.59 per share which is equivalent to the Net Asset Value as of 28/12/2023.

The Lead Manager is of the opinion that due to investments in sustainable and diversified pool of real estate assets, strong governance, credible investor base, dividend expectation, there exists strong upside for the investors participating in this IPO and the Offer Price is justifiable. Post listing, NAV of the REIT Scheme will be supplemented by the continuing progress on the three projects of TPL REIT which is expected to be reflected in the market price.

8.7 POST-OFS FREE FLOAT OF REIT SCHEME

Free Float	No. of Units (Mn)*	% of Unitholding
Held by Strategic Investor (TPL Properties)	701	38.21%
Held by Anchor Investors and General Public – Free Float	1,134	61.79%
Total	1,835	100%

^{*}In case of Base Offer

Free Float: This is pertinent to note that none of the Anchor Investors will have any restriction on selling / transferring their Units post listing, therefore, their units will be part of the free float. A free float of ~62% will significantly enhance liquidity and tradability of the REIT Units.

8.8 PEER COMPARISON

There are no listed competitors of TPL REIT in Pakistan. Dolmen City REIT is a purely rental REIT having a single project. Globe Residency REIT is a limited life developmental REIT involved in development and sale of residential apartments only.

On the other hand, TPL REIT is a **perpetual hybrid REIT** fund involved in diversified real estate projects including (i) master planned community for mixed use development on waterfront property, (ii) Pakistan's one of its kind premium-end residential apartment tower and (iii) first of its kind technology park in Pakistan. All three projects are being executed through separate SPVs of the REIT Scheme.

A brief comparison of TPL REIT with these listed REITs in terms of pricing and multiples is shown below:

Peer Comparison	Unit	TPL REIT Fund I	Globe Residency REIT	Dolmen City REIT
Earnings per unit (FY2023)	PKR	6.97	1.94	4.18
Book value per unit (June 30, 2023)	PKR	19.32	13.25	31.25

9. RISKS

9.1 INTERNAL RISKS

9.1.1 CONSTRUCTION RISK

Budget Risk: Construction operations are susceptible to budget overruns. Even though, in some projects, uptick in key raw material pricing has been built into the sales contract, it is likely that some of the sales in the future may not include a cost pass-on clause, which could affect the revenues and margins of REIT Scheme and payouts to TPL REIT investors. Budget overruns may result from any of the following:

- Key raw materials like cement and steel roughly comprise 40-50% of the construction cost. The
 underlying raw materials driving the prices of these two materials are coal and iron ore and accordingly,
 any changes in the international market in the pricing of coal and iron ore would affect the construction
 cost
- Inputs include imported items like HVAC systems, furnishings, the cost of which may be inflated by any
 devaluation in PKR. Roughly about 50-55% of the costing is susceptible to change on account of PKR
 devaluation
- Construction is a labor-intensive industry, with labor costs comprising roughly a quarter of the cost.
 Accordingly, changes prescribed by Sindh Minimum Wage Board could affect project costing and in turn margins of TPL REIT

Time Delay: Construction projects are susceptible to time delays. Although, time delay arising from contractor negligence is subject to cost claw-back clauses, certain kind of time delay caused by legitimate construction site related challenges pose a time delay risk. Potential time delays can result in delayed sales, thus impacting returns of TPL REIT, while inordinate delays in several projects could adversely result in reputational risk for TPL RMC.

9.1.2 DEMAND RISK

The demand of real estate units being built by TPL REIT projects may be affected by competition from other similar projects in Karachi in addition to external factors like the state of the economy. In case of elevated demand risk, TPL RMC may have to sell off real estate units at a lower price than assumed in projections, which may affect the revenues, margins, and payouts of TPL REIT.

9.1.3 REGULATORY RISK

REIT Funds are subject to regulation by laws and regulations at local and national level. Any changes in government rules, regulations and fiscal policies including those of changes in taxation, REIT Regulations, environmental and zoning law or the interpretation of such laws by regulators, may hinder the performance of TPL REIT.

In Pakistan, REIT Funds enjoy several tax incentives which may be impacted by any adverse changes in taxation legislation that may hamper return on investment for Unit Holders.

9.1.4 GEOGRAPHIC CONCENTRATION

TPL REIT's existing portfolio comprises multi-storey buildings and other residential blocks, all of which are situated in Karachi, Pakistan. TPL REIT is exposed to risks associated with geographical concentration, including risk of an overall downturn in economic and real estate market in Karachi as well as other city-specific force majeure events.

9.1.5 SPONSOR DEPENDENCE & REPUTATIONAL RISK

TPL RMC intends to leverage on and benefit from the Sponsor's (TPL Properties) established track record in property development, as well as maintaining and operating the properties, and use 'TPL' brand name in attracting buyers. In addition, TPL RMC's group company, TPL Corp, also provides IT infrastructure among other support services, to TPL RMC. If the Sponsor or group companies are unable to provide the support required by TPL RMC in the future, it may have material adverse effect on TPL RMC's operations and future growth. The group companies of TPL RMC include investments in a myriad of industries including life & non-life insurance, logistics management, technology among others. All these businesses are significantly dependent on Pakistan's economy, and accordingly any adverse economic shock could affect the group's viability, which would have a negative impact on TPL RMC's operations and ultimately on the performance of TPL REIT. Furthermore, any future event, which negatively impacts the 'TPL' brand, would enhance the demand risk on TPL REIT projects.

9.1.6 LIQUIDITY RISK

Projects underlying TPL REIT are to be funded with a mix of off-plan sales, investor equity and debt. However, in case of lower-than-expected offtake of properties or default by multiple buyers, liquidity buffer may erode resulting in a liquidity crisis for the project(s). Although TPL RMC has a defined process for buyer default; in the short term, the lack of proceeds from off-plan sales will have to be plugged in by obtaining short-term borrowing, which could affect margins of TPL REIT.

9.1.7 COMPLIANCE RISK

Operations of REIT Scheme are subject to regulatory requirements, which are as follows:

PSX & SECP: As a listed REIT scheme, TPL REIT would be subject to regulatory requirements set by PSX & SECP. In case of non-compliance, TPL REIT may be placed in the 'Defaulter Segment', which may potentially hamper or suspend trading in units of REIT Fund-I, thus resulting in liquidity risk for the investor.

FBR: One of TPL REIT's properties, One Hoshang, was registered under fixed tax regime, as specified in Section 100D of Income Tax Ordinance 2001 and was required to complete the grey structure of the project, as defined under Eleventh Schedule of Income Tax Ordinance 2001, latest by September 30, 2023. However, given project delays and eventual transfer of One Hoshang into REIT, wherein REIT income becomes tax-free if 90% of the profits are paid out, TPL RMC has subsequently appealed against consideration in Section 100D. While a final judgement in this is awaited, an adverse judgement could affect tax liability of TPL REIT, which affect payouts to investors.

Furthermore, as part of consideration as REIT, for tax purposes, TPL REIT is required to payout 90% of its taxable income to investors. There may be times where TPL REIT may not have disposable liquidity to make such a payout, which could expose it to a higher tax charge.

9.1.8 RISKS RELATING TO PROPERTY OWNERSHIP

Real estate assets carry varying degree of risks in respect of property ownership. Defected title or litigation on the real estate asset under consideration will render real estate not transferable in the name of TPL REIT.

To mitigate the risk, TPL RMC conducts detailed due diligence of the property and the sellers before entering into any acquisition arrangement. Additionally, it obtains external legal opinion to ensure clean title and the genuineness of property document. The similar process has been adopted for the existing asset portfolio of TPL REIT.

9.1.9 CONFLICT OF INTEREST RISK

Construction operations are undertaken by a combination of companies which include external contractors as well as companies that are part of the TPL group i.e. related parties of TPL RMC. Accordingly, through the course of TPL REIT's operations, there may be conflicts of interest in of terms accountability for each task performed. TPL Group and TPL RMC have a conflict-of-interest policy in place to ensure all related party transactions are on arms-length basis, while transactions with related parties are subject to audit and duly disclosed in the financials of TPL RMC, its SPVs and financials of TPL Corp. Furthermore, conflict of interest may also arise from additional real estate portfolios taken on by TPL RMC.

9.1.10 UNIT HOLDERS HAVE NO CONTROL OF STRATEGIC DECISIONS

As per the inherent nature of a REIT scheme, the Unitholders of TPL REIT will have no right or power to participate in day-to-day management or control of the business of TPL REIT, nor an opportunity to evaluate TPL RMC's decisions regarding specific strategies used or the investments made by TPL RMC or the terms of any such investment. The failure of TPL RMC to successfully implement its strategies could have a material adverse effect on REIT Scheme's business, financial condition, operational results and ability to make distributions and price of units could be affected.

Nevertheless, the Unitholders have the right to remove TPL RMC by passing a resolution.

9.1.11 SOME DAMAGE MAY NOT BE COVERED BY INSURANCE

TPL REIT maintains comprehensive property & liability insurance policies with coverage features and insured limits that TPL RMC believes are consistent with market practices in the real estate industry in Pakistan. Market forces beyond TPL RMC's control may nonetheless limit the scope of insurance coverage that it can obtain or its ability to obtain such coverage at reasonable rates. Design, construction and other latent property or equipment defects or deficiencies in the properties may require additional capital expenditure, special repair or maintenance expenses or the payment of damages or other obligations to third parties, other than those disclosed in this OFSD and may not be covered by insurance. In addition, certain types of losses, generally of a catastrophic nature, such as natural disasters, terrorist acts and outbreak of infectious diseases or any losses as a result of these form may be uninsurable or the required insurance premium may be too expensive to justify obtaining insurance.

9.1.12 ENVIRONMENTAL RISK

Environmental risks in certain projects of REIT Scheme, particularly the Mangrove Project, are elevated. Any adverse environmental impact by REIT Scheme's operations will translate in reputational risk, which may increase demand risk for the project. In addition, any contravention of Sindh Environmental Protection Agency (SEPA) legislation may result in regulatory actions and penalties for TPL REIT. The management at TPL RMC has incorporated policy framework to ensure Environmental standards are met in in line with local requirements as well as global best practices.

9.1.13 SOCIAL RISK

Construction operations are prone to social risks, as follows:

- Health & Safety & Minimum Wage: Regulatory stipulations such as Sindh Occupational Safety & Health Act and Sindh Minimum Wages Act comprise laws to protect worker safety. Even though TPL RMC ensures payment of minimum wages and highest Health & Safety precautions on-site, there is risk that external 3rd party contractors may not comply with local regulations, which may impact operations on-site and may subject TPL REIT to indirect penalties and/or regulatory actions.
- **Neighborhood Disturbance Risk:** The construction operations have to follow certain noise guidelines, which are of particular importance when operating in residential areas. Certain projects of the REIT

Scheme are more prone to breach these guidelines, which may result in neighborhood disturbance complaints and legislative action against TPL REIT. TPL RMC regularly monitors on-site noise levels through 3rd party service providers to document these metrics to ensure compliance with local laws.

9.1.14 ILLIQUIDITY OF REAL ESTATE

TPL RMC's ability to promptly sell any of its properties or to vary its investment portfolio in response to changing economy, financial and investment conditions may be limited. The market for acquiring/ disposing residential and commercial units tends to be inactive, mainly being affected by general economic conditions, availability of financing, interest rates and other factors, including supply and demand, that are beyond TPL RMC's control.

9.1.15 ASSET LEVEL RISK

Idiosyncratic risk is specific to a particular property. There is demand for multifamily real estate throughout different stages of the economic cycle, however demand for hospitality and commercial real estate sector is more sensitive to the change in market conditions, hence it is riskier. In order to diversify this risk, TPL REIT has invested in real estate of multiple projects across different sectors ranging from commercial office, residential, retail, and hospitality.

9.1.16 STOCK PRICE DETERMINATION

The market-determined price of TPL REIT unit is likely to be much more volatile as compared to appraisal-based value of a REIT. While this relationship suggests a direct real estate investment is less risky, much of this effect results from the underestimation of volatility that is associated with appraised values; appraisals tend to be infrequent and backward-looking, while the stock market is continuous and forward-looking.

As per REIT Regulations 2022, a statement of the movement in net asset value (NAV) is to be provided within 120 days of close of the financial year. The NAV is one of the best metrics to use when assessing the value of a REIT.

9.1.17 NEGATIVE CASHFLOW FROM OPERATIONS

The REIT Scheme has posted negative cashflows from operations in FY 2022, FY 2023 and 1QFY24. This has occurred because the REIT Scheme has acquired real estate assets and recorded their unrealized gains, but any sale proceeds were yet to commence. After adjusting for the non-cash expenses i.e. unrealized gains, the cash flow from operations turned negative. This is a typical feature of any new business where initial operations are funded by either equity or debt financing until the business becomes self-sustaining.

Similar is the case with developmental /hybrid REIT Scheme in its nascent and pre-sale stage. TPL REIT was also financing its initial operations from issuance of units. Booking of initial tranche of units of premium residential apartments of the One Hoshang project has been initiated. Moving ahead, further sale of apartments in next tranches along with commencement of sale from Technology Park project is expected to generate positive cashflows for the REIT Scheme in the medium term while phase wise sales of Mangrove project would generate positive operating cashflows at a sustainable level in the long term.

9.1.18 OPERATIONAL HISTORY

TPL RMC was incorporated in 2018 and TPL REIT is its first REIT Scheme, which was established in 2022. Accordingly, neither the RMC nor REIT Scheme, has any operating history by which its past performance may be assessed. However, the Strategic Investor has a tremendous track record in the real estate sector. Further, TPL Group has hired seasoned professionals of the industry for the projects, having local and international experience.

9.2 EXTERNAL RISKS

9.2.1 MACROECONOMIC & COUNTRY RISK

TPL RMC, TPL REIT Fund I, the SPVs and underlying assets are incorporated and located in Pakistan. Accordingly, the performance of TPL REIT is highly dependent on prevailing economic conditions in Pakistan. Any slowdown or perceived slowdown in the Pakistani economy, or in specific sectors of the economy, could have a material adverse effect on the business, financial condition, operational results and the price of the Units.

Factors that may adversely affect the economy and hence operational results of TPL REIT are as follows:

- Downgrade in Pakistan's sovereign ratings or default by the Government of Pakistan;
- Increase in scarcity of credit or other financing in Pakistan;
- Prevailing income, consumption and savings conditions among consumers and corporations in Pakistan;
- Volatility in, and actual or perceived trends in trading activity on, Pakistan Stock Exchange;
- Changes in Pakistan's tax, trade, fiscal or monetary policies;
- Political instability, terrorism or military conflict in Pakistan, including increased tensions on the borders, or in countries in the region or globally, including in Pakistan's various neighboring countries;
- The occurrence of natural or man-made disasters;
- Prevailing regional or global economic conditions;
- Balance of trade movements, including export demand and movements in key imports, including oil and oil products; and
- Other significant regulatory or economic developments in or affecting Pakistan or its real estate sector

Furthermore, Pakistani economy and financial markets are influenced by economic and market conditions in other countries. Monetary tightening in developed countries, in past years has affected the Pakistani economy, given that it increases cost and decreases access to credit. Although economic conditions are different in each country, investors' reactions to developments in one country can have a material adverse effect on the securities of entities in other countries, including Pakistan. A loss in investor confidence in the financial systems of other emerging markets may cause increased volatility in Pakistan's financial markets and, indirectly, in Pakistan's economy in general. Any global financial instability could also have a negative impact on Pakistan's economy. Financial disruptions may occur and could harm TPL REIT's results of operations and financial condition.

9.2.2 INFLATION RISK

REIT Funds are exposed to inflation risks with respect to acquisition of real asset assets, land and underperforming assets in particular. During an inflationary period, the cost of acquisition and the cost of mortgage financing for buyers may also rise, which could adversely impact the ability of TPL REIT to sell its real estate inventory at attractive sales prices.

Inflation can lead to higher demand for assets seen as a hedge, driving up their prices and providing capital appreciation.

9.2.3 INTEREST RATE RISK

REITs can be highly sensitive to interest rate fluctuations. Any increase in interest rates will subsequently increase yields that the investors can get from risk-free investments like treasury securities and other incomebased instruments and would substitute risky equity investments. An increase in interest rates would also make dividend yield of Rental REITs less attractive.

The risk profile of REIT is close to that of income-based investments since the REIT investment is asset backed. Moreover, the increase in interest rate would also lead to higher property prices, hence compensating investor's return through capital appreciation.

9.2.4 FORCE MAJEURE RISK

TPL REIT may be exposed to direct or indirect consequences of natural phenomena, pandemics, man-made disasters and terrorist attacks which may cause disruptions to commerce, reduced economic activity or market liquidity and continued volatility in markets throughout the globe. Such events could have an adverse impact on the real estate sector and the financial performance of REIT Fund.

TPL REIT has implemented and reviewed robust risk management and contingency plans to respond to natural disasters and other unexpected events. Adequate insurance coverage is also maintained to mitigate the financial impact of unexpected events.

9.2.5 LEGAL RISK

The operations of REITs are subject to REIT Regulations 2022, while the FBR treats REITs as a Real Estate Agent subject to S.R.0 924(1)/2020. Furthermore, real-estate governing laws constitute multiple pieces of legislation, rules, regulations, circulars, notifications etc., which are not always reconcilable or readily available in the public domain. Market practices at times tend to diverge from laws and legal proceedings pertaining to real estate are cumbersome & protracted and determination of disputes may spread over a number of years. In addition, the aforementioned regulations also are susceptible to unexpected changes, which may affect the operations of TPL REIT adversely.

9.2.6 DOCUMENTATION DELAY RISK

Real Estate development industry in Karachi is governed by Sindh Building Control Authority, wherein several NOCs and building plan approvals are required to initiate construction. In certain cases, delays in approval of certain stages and NOCs are beyond the control of TPL RMC and are likely to delay the construction process relative to timelines envisaged, which would in-effect impact payouts to investors.

NOTE: INVESTMENT IN REIT SCHEME IS SUBJECT TO RISKS. IT IS STATED THAT ALL MATERIAL RISK FACTORS HAVE BEEN DISCLOSED AND THAT NOTHING HAS BEEN CONCEALED IN THIS RESPECT.

13 December 2023

Dear Board Members,

Auditors' Certificate on Financial Information as Required Under section 2(1) of the First Schedule to the Public Offering Regulations, 2017

We have been requested to provide you with a certificate on the annexed statement, which contains the profits and losses and assets and liabilities of the TPL REIT Fund-I (the 'REIT') and its subsidiaries (together the 'Group') and the details of dividend paid as required under clause 1 of section 2 of the First Schedule to the Public Offering Regulation, 2017 (the 'Regulations').

Scope of Certificate

We understand that this certificate is being issued in our capacity as the statutory auditor, and we are required to issue a certificate on the accuracy of the information summarized in the annexed statement.

The Securities and Exchange Commission of Pakistan (SECP) under section 2(1) of the First Schedule of Public Offering Regulations, 2017 requires a report to be made by auditors (who shall be named in the Offer for Sale Document) immediately preceding the issue of the prospectus with respect to the following:

- (a) profits and losses and assets and liabilities of the REIT as a whole with the combined profits and losses of its subsidiaries, and individually with profit and loss of each subsidiary concern, for the period ended on 30 June 2022 and year ended on 30 June 2023, and
- (b) details of the dividend paid by the REIT during the period from 23 December 2021 to 30 June 2023.

Management's Responsibility

It is the responsibility of the management to prepare the annexed statement based on the audited financial statements as required under clause 1 of section 2 of the regulations and to ensure compliance with the requirements of other laws and regulations applicable to the REIT. This certificate does not relieve the management of its responsibilities.

TPL REIT Management Company Limited - Management Company of TPL REIT Fund 1

Auditors' Certificate on Financial Information as Required Under section 2(1) of the First Schedule to the Public Offering Regulations, 2017 13 December 2023

KPMG Taseer Hadi & Co.

Auditor's Responsibility

Our responsibility is to certify the accuracy of the information appearing in the annexed statement as required under section 2(1) of the First Schedule to the Regulations in accordance with the 'Guidelines for Issue of Certificates for Special Purposes by Practicing Chartered Accountants Firms' issued by the Institute of Chartered Accountants of Pakistan. Our verification was limited to the procedures as mentioned below;

- Agreed to the information about profits and losses, and assets and liabilities included in the annexed statement with the audited consolidated and unconsolidated financial statement of the REIT and the audited financial statement of its subsidiaries for the period ended on 30 June 2022 and year ended on 30 June 2023, and
- Agreed to the details of dividend paid by the REIT during the period from 23 December 2021 to 30 June 2023 with the audited financial statements of the REIT.

Certificate

Based on the procedures mentioned above, we certify that the information contained in the annexed statement about the profits and losses and assets and liabilities of the Group and details of dividend paid is in agreement with the respective audited financial statements of the Group. Moreover, no dividend was paid during the period from 23 December 2021 to 30 June 2023.

Restriction on use and distribution

The certificate is being issued in the capacity of the statutory auditor, on the special request of the management in relation to the requirements under section 2(1) of the Regulations for the purpose of inclusion in the prospectus and for onward submission to PSX and is not to be used and / or distributed for any other purpose. This certificate is restricted to the facts stated herein and the annexed statement.

Yours faithfully,

10.15 RELATED PARTY TRANSACTIONS POLICY

TPL RMC may from time-to-time enter into transactions with related parties, in relation to the TPL REIT. The contractual arrangements between TPL RMC and the related parties shall be carried out on arm's length basis and on economic terms with the prior approval of Trustee and shall comply with other REIT Regulations. Section 3.21.3 discloses the list of related parties and fairly discloses the transactions with related parties. TPL RMC shall also report the transactions with related parties in the annual as well as the quarterly accounts of the TPL REIT in accordance with the requirement of REIT Regulations.

10.16 CUSTOMER ADVANCES POLICY

TPL RMC shall utilize Customer Advances to finance the development expenses of developmental/hybrid REIT Projects in accordance with REIT Regulations.

10.17 DIVIDEND POLICY

The REIT Scheme proposes distributing at least 90% of its accounting income (excluding unrealized gains) as dividends to its Unitholders on an annual basis. The distributions will be made to Unitholders in proportion to

⁵ It is apprised that the third draw down was received on Dec 28, 2023 and units have also been issued.

the number of Units held. The after-tax return to a Unitholder shall depend upon the Unitholder's own taxation circumstances. Additionally, an interim dividend may be payable to Unitholders solely at the discretion of the Board of TPL RMC.

10.18 BORROWING POLICY

TPL RMC may utilize various forms of leverage including secured and unsecured borrowing by way of a Shariah compliant debt facility from financial institutions, directly at TPL REIT level or at project SPVs' level. TPL RMC may use the borrowed funds to leverage acquisition and development of real estate assets and any such other purposes as permitted under the REIT Regulations. All borrowing shall be availed with the approval of the TPL RMC's Board of Directors / SPV Board of Directors of the SPV, Trustee, Unit Holders and Shariah Advisor, as applicable.

10.19 EXTINCTION OF REIT SCHEME

The REIT Scheme shall continue until the same is extinguished and dissolved on the happening of one or more of the following events:

- If, in the opinion of the RMC, the objective of TPL REIT and its REIT Projects has been achieved and all REIT
 Assets (including interests in project SPVs) have been disposed of and/or wound up/liquidated in
 accordance with the Constitutive Documents and the REIT Regulations;
- If the Unit Holders pass a special resolution demanding revocation of the Trust for any reason (as applicable) contemplated under section 36 of the REIT Regulations;
- If, following the removal of the RMC pursuant to Article 11(a) to (c) of Trust Deed, no successor RMC is appointed within the period set out in section 6.4 of this Offering Document.
- If, in the opinion of RMC, TPL REIT and its project SPVs are no longer commercially viable or the purpose of TPL REIT cannot be accomplished or its objective cannot be achieved for any reason, and the Unit Holders have consented to such an action through a special resolution (provided that RMC shall not vote at such meetings and its presence shall not be counted towards requisite voting for Special Resolution);
- If the SECP deems it necessary to revoke TPL REIT and directs the Trustee or RMC to revoke the REIT Scheme in the interest of Unit Holders; or
- If TPL REIT fails to invest in single REIT Project within the time period stipulated under Article 14.3(d) of Trust Deed.

10.20 SEQUENCE OF CLAIM SETTLEMENT

Unit Holders shall have the right to the liquidation proceeds from the sale of REIT Scheme's assets in accordance with the REIT Regulations.

Upon the dissolution of TPL REIT, the proceeds from the sale/liquidation of the TPL REIT Assets (including disposal/liquidation of Project SPV(s)) shall be distributed in one or more instalments in the following order of priority:

- a) first, to pay the expenses of the winding up, liquidation and dissolution of TPL REIT;
- b) second, to satisfy all the liabilities of TPL REIT in accordance with the terms agreed and otherwise on a pro rata basis; and
- c) third, the remaining proceeds, if any, plus any remaining TPL REIT Assets, shall be applied and distributed to the Unit Holders in pro rata to their interest in TPL REIT.

10.21 RIGHTS OF CREDITORS

Upon the liquidation of the REIT Scheme, the proceeds from the sale of the REIT Assets shall, after settling of liquidation expenses, be utilized towards satisfaction of all secured and unsecured liabilities of the REIT Scheme.

10.22 ELIGIBILITY OF DIVIDENDS

The Unit Holders shall rank pari-passu with the existing Unitholders in all matters of the REIT Scheme, including the right to such bonus or right issues, and dividend as may be declared subsequent to the date of offer of such Units.

The financial year of the REIT Scheme commences on July 1 and ends on June 30.

The financial year of the REIT Management Company commences on July 1 and ends on June 30.

15.6 INVESTMENT POLICY

Investment Objective

TPL REIT seeks to achieve regular and stable distributions and long-term growth in NAV for its Unit Holders through investing in a diversified portfolio of "opportunity" and "sustainable" real estate assets in Pakistan.

The funds raised shall be invested primarily in the acquisition of project SPVs that hold real estate development projects, acquire land for real estate development and hold income-producing real estate assets. TPL REIT will invest in REIT Projects through separate project SPVs that will be controlled and at least 75% owned by TPL REIT.

Investment Criteria

The investment criteria of TPL REIT shall be as described in section 3.3 of this Offering Document.

ESG Criteria

In recent years, greater emphasis has been laid on investment criterion based ESG principles. These principles consider how an investment performs from environmental, social, sustainability and governance perspective and have increasingly become a tool for conscious investors to screen potential investments.

The ESG considerations will be imperative to the investment criteria of TPL REIT in order for it to become more focused on reducing emissions, improving projects' sustainability and providing greater stability to its investors and occupants. All real estate investments undertaken by TPL REIT are set to follow the best sustainability and environment principles and shall achieve at least one of the prominent green building certifications such as EDGE, LEED, BREEAM or WELL for all its real estate development projects.

These certifications shall help the management of TPL RMC in implementing management practices to prioritize building efficiency, decrease operational costs, ensuring increased productivity and increase asset value over time for its investors and further adds to the comfort and well-being of the assets' end users.

The measures considered for 'Green Building Initiatives' by TPL REIT are:

- Leadership in Energy and Environmental Design Certification (LEED) it includes a set of rating systems for the design, construction, operation and maintenance of green buildings, homes, and neighborhoods, which aims to help building owners and operators be environmentally responsible and use resources efficiently.
- Building Research Establishment Environmental Assessment Method Certification (BREEAM) –
 it assesses an asset's environmental, social and economic sustainability performance, using
 standards developed by the Building Research Establishment.
- Excellence in Design for Greater Efficiencies Certification (EDGE) It is a universal standard and a certification system for residential and commercial structures. It brings speed, market intelligence and an investment focus to the next generation of green building certification. A measurable and credible solution to prove the business case for building green and unlock financial investment.
- WELL Building Certification It assesses human health and wellbeing performance in buildings, using standards developed by the WELL Building Institute.

Given the nature of the development projects, TPL REIT shall consistently align its investment strategy with the "three pillars" of ESG, albeit to varying degrees. The applicable ESG considerations and metrics shall change depending on the nature of the project (e.g. a new development versus retrofit) and the stage of the project (e.g. design versus construction versus operation and maintenance).

Implementation of ESG Criteria by TPL REIT and its benefits

The following are the salient features of ESG criteria targeted by TPL REIT for all its real estate investments and developments, aligned with the UN Sustainable Development Goals (SDGs).

Energy efficiency

Energy efficiency shall be one of the most prominent features of all real estate developments by TPL REIT. From small measures like sealing air ducts to preventing air leakages to larger initiatives like using renewable resources for heating and cooling systems, every aspect of the building is sensitive to the environment and therefore, top energy-saving techniques shall be incorporated in real estate developments by TPL REIT. These techniques may range from green buildings including installation of solar panels, energy-efficient lights and timer-adjusted lights.

Water preservation

TPL RMC will give top priority to water efficiency right for its real estate developments. Few of the sustainable initiatives that shall be taken to conserve water include installation of low-flow water fixtures that require only half the amount of water consumption and ample rainwater harvesting. Another important feature of TPL REIT's development projects will be the use of alternative water sources for irrigation and sanitation.

High-quality indoor environment

TPL RMC shall ensure that its development projects are designed with ample amounts of natural light, panoramic views, improved thermal conditions, ergonomic features and superior air quality. In addition, the real estate projects will be sealed from the toxins of polluted air, keeping moisture at bay which, in turn, will reduce the possibility of mould or mildew. The occupants residing in green projects of TPL REIT will experience a marked improvement in their health, stress levels and overall quality of life.

The real estate developments by TPL REIT shall be characterized as sustainable from their inception. The construction and design team of TPL REIT will keep existing fauna and flora in mind, with eco-friendly raw materials. Few of the top sustainable materials that shall be used in green projects of TPL REIT include recycled metal, recycled stone, certified third-party forest wood, bamboo and straw, to name a few. The construction consultants hired by TPL RMC shall not use building materials that may contain harmful volatile organic compounds (VOCs) or plastic by-products which have been known to release toxic fumes and carcinogens into the atmosphere.

Efficient waste management

The waste materials generated during the development of TPL REIT's real estate projects shall be recycled into new materials or composted for reuse where possible. Even the wastewater that is conventionally directed to sewage plants shall be treated onsite to reduce the projects' carbon footprint in the atmosphere. Moreover, the concept of sustainability by TPL REIT will not be restricted to the construction phase alone. Even after occupation, TPL REIT's projects shall offer efficient waste management systems with the segregation of wet and dry waste to further reduce the negative impact on the environment.

Healthy living

TPL REIT's real estate developments will set the benchmark of sustainability by nurturing the flora and fauna around its projects. This means that these developments will feature fresh open spaces and lush landscapes that promote a healthy lifestyle. Furthermore, the amenities and facilities provided by real estate developments of TPL REIT will be nature-centric with scenic jogging trails, thriving gardens and green parks that captivate and teleport their occupants to a pollution and contamination free environment.

Reduced Operational Cost and Maintenance: Traditional vs. Green

One of the greatest benefits of TPL REIT's real estate developments would be lower maintenance costs featuring specially engineered design elements that will help reduce energy and water bills for its occupants. These efficient structures shall cause cost savings for corporate and residential owners. Although the expense required to build such structures may be initially higher than traditional non-green forms of architecture, the cost over the long term is recovered exponentially.

Investment Structure

TPL REIT shall invest in REIT Projects through separate project SPVs in accordance with the following requirements and conditions.

(a) each project SPV will be at least seventy five percent (75%) owned and controlled by TPL REIT in accordance with the Constitutive Documents and any shareholders agreement or similar

agreement regulating the affairs and governance of the SPV which shall contain all such provisions as are required under the REIT Regulations to protect the interest of TPL REIT and the Unit Holders;

- (b) each project SPV shall appoint the same Auditor and adopt the same accounting principles and policies as that of TPL REIT;
- (c) at least eighty percent (80%) of all assets of the project SPVs are or will be used/engaged for the purposes of implementing the REIT Projects;
- (d) each project SPV shall enter into a SPV Management Services Agreement with TPL RMC;
- (e) each project SPV shall not engage in more than one REIT Project, provided that the project SPV may acquire additional real estate for the purposes of and in connection with the same project in accordance with the Constitutive Documents and REIT Regulations;
- (f) each project SPV shall be Shariah compliant;
- (g) all assets (and associated liabilities) related to the REIT Project shall vest and be held in the name of a specific project SPV; and
- (h) all other requirements of the Constitutive Documents and REIT Regulations.

Investment Process

TPL RMC will devote considerable resources to analyze the investment opportunities in the real estate sector based on a comprehensive assessment process. The objective of the investment process is to ensure that all new REIT Projects are aligned with TPL REIT's vision of building sustainable communities while seeking to maximize returns for Unitholders.

The following is an overview of certain key aspects of the investment process that TPL RMC shall utilize when engaging in the acquisition of development real estate assets, land for development, yielding real estate assets and underperforming real estate assets in Pakistan.

Opportunity Identification

TPL RMC shall identify real estate investment opportunities with lucrative returns for TPL REIT and its Unit Holders. It shall only shortlist properties that meet the investment criteria as outlined in section 3.3 and that are best aligned with the overall vision of TPL REIT, with an emphasis on sustainability. TPL RMC shall seek to rely on its professional relationships within the real estate industry to generate and maintain deal flow with trusted counterparts.

Market Assessment

TPL RMC shall conduct extensive research into the local market, its demographics and property neighborhood. It shall evaluate the best use of the real estate assets, alongside associated risks and merits including but not limited to environmental sustainability and engineering matters.

Preliminary Review

The preliminary review of each shortlisted real estate asset shall broadly cover the following aspects.

- (a) Assess highest and best use of the real estate asset
- (b) Determination of target market / customers
- (c) Financial feasibility based on micro and macro-economic analyses
- (d) Investment analysis

- (e) Property inspection
- (f) Verification of title documents and its clearance
- (g) KYC of the seller
- (h) Identification of risks involved
- (i) Market comparability analysis
- (j) Environmental suitability assessment

The aforementioned list is not exhaustive and the preliminary review may include other aspects as deemed appropriate by TPL RMC from time to time. Upon satisfactory preliminary review, TPL RMC shall obtain inprincipal approval from the Investment Committee and the Shariah Advisor.

Due Diligence

Pursuant to obtaining in-principal approval from the Investment Committee and the Shariah Advisor, TPL RMC shall conduct an intensive due diligence on the shortlisted asset, aiming to comprehensively understand the vital factors of the asset and seller's obligations to mitigate any associated financial, commercial, taxation and legal concerns. The due diligence process shall broadly cover the following aspects.

Asset Due Diligence – Conduct physical inspection of the property, TPL RMC may involve sub-advisers to inspect the property and carry out environmental suitability assessment to understand past uses of the property, in addition to collecting evidence of any possible contaminants.

Property Valuation - Engage two (2) independent third-party valuers to carry out property valuation.

Financial Due Diligence – Conduct feasibility study and return analysis based on the highest and best use of the asset to determine its potential value in comparison with comparable assets. Additionally, TPL RMC shall also prepare scenario analysis to stress test anticipated performance of the shortlisted asset under best and adverse conditions. It shall also conduct investment-specific tax and regulatory compliance analysis.

Legal Due Diligence – TPL RMC shall engage a legal expert to carry out legal due diligence on the proposed transaction. The legal expert shall review the asset documents to ensure clean title and that there are no undisclosed liens or claims over the asset. It shall also ensure the capacity and authority of seller to enter into the transaction, coupled with any restrictions on the transfer of the shortlisted asset. The legal expert will also ensure the compliance with regulatory requirements and verify the NOCs previously obtained by the seller for the shortlisted asset.

Commercial Due Diligence – Assess the key terms for negotiation with the seller and structure the proposed transaction to best suit the investment objective of TPL REIT and maximize the overall return for its Unit Holders.

Investment Proposal and Firm Approval

Pursuant to satisfactory due diligence and prior to negotiating the deal terms with the seller, TPL RMC shall prepare an 'Investment Memorandum' to obtain firm approval from the Investment Committee and the Shariah Advisor. The memorandum shall summarize the investment opportunity, including due diligence results, an assessment of potential upside and downside expectations, associated risks and merits, investment budgeting, the overall portfolio diversification impacts and an analysis of the proposed investment's compliance with the investment criteria of TPL REIT as identified in section 3.3. For the avoidance of doubt, TPL RMC will not move forward with an investment if it does not satisfy the aforementioned criteria.

Negotiation and Finalization of Deal Terms

TPL RMC shall prepare an indicative term sheet to propose the buying terms to the seller and negotiate the terms on arm's length basis, while ensuring the transaction terms are most suitable to the beneficial interest of TPL REIT and its Unit Holders. It shall also incorporate all potential costs associated with the purchase in order to avoid any financial uncertainties. Once terms are negotiated, TPL RMC shall engage legal counsel to draft purchase agreements and any other transaction documents required.

Notification of Proposed Investment

TPL RMC shall update the Business Plan of TPL REIT with regards to the acquisition of the new asset, including its financial projections, its impact on aggregate portfolio composition and other disclosure required under the REIT Regulations.

TPL REIT shall invest in additional REIT Projects and acquire additional Real Estate in accordance with the Constitutive Documents and REIT Regulations (including intimation to the Unit Holders and the SECP). Additional Real Estate can be added to TPL REIT without approval of the Unit Holders.

Transaction Close

Prior to the close of any acquisition transaction of a real estate asset with a seller, TPL RMC shall obtain all necessary approvals and requisite NOCs from the relevant regulatory authorities. Additionally, it shall consult with legal counsel throughout in structuring and executing the investment to ensure compliance with applicable tax and regulatory requirements.

Utilization of Surplus Funds

Any surplus funds beyond the investments in real estate assets shall broadly be invested in Shariah compliant liquid assets approved by the Investment Committee and Shariah Advisor of TPL RMC, and in accordance with the Investment Policy of TPL REIT. The underlying liquid assets shall comprise of Government Securities, Money Market Funds, deposits with banks having at least a AA long term rating, and any other investments permitted under the REIT Regulations. Additionally, TPL RMC may engage a licensed investment advisor (independent of TPL RMC) to advice on the investment of any surplus funds on a non-discretionary basis.

Changes to the Investment Policy

Material changes to the investment objective and Investment Policy of TPL REIT as set out above may only be made by obtaining prior approval from Unit Holders by way of a special resolution.
